Introducing Needs Analysis and English for Specific

Purposes James Dean Brown, 2016-01-08 *Introducing Needs Analysis and English for Specific Purposes* is a clear and accessible guide to the theoretical background and practical tools needed for this early stage of curriculum development in ESP. Beginning with definitions of needs analysis and ESP, this book takes a jargon-free approach which leads the reader step by step through the process of performing a needs analysis in ESP, including how to focus a needs analysis according to the course and student level, the selection and sequencing of a wide variety of data collection procedures, analysis and interpretation of needs analysis data in order to write reports and determine Student Learning Outcomes, personal reflection exercises and examples of real world applications of needs analysis in ESP. *Introducing Needs Analysis and English for Specific Purposes* is essential reading for pre-service and in-service teachers and students studying English for Specific Purposes. Applied Linguistics, TESOL and Education. *Designing the Classroom Curriculum Exploring Curriculum, Assessment and the Incorporation of Technology in Classrooms* Mike Howarth, David Lynch, Richard Smith, 2016-05-26 This book is about designing the effective classroom curriculum. The authors argue that an effective classroom curriculum should be the goal of every teacher in every classroom around the world, effective that is for every student, not just those who find school easy. But how does one go about designing a classroom curriculum that is effective? What are the essential ingredients and how should these ingredients be organised for teaching effect? What role does Technology play in such classroom plans? In this book Lynch, Smith and Howarth provide an insight into these questions by providing a text that focuses on classroom teaching, diagnostic and design strategies. Their intent in writing such a book is to enable the classroom teacher to develop, teach and assess a classroom curriculum where learning success for all students is the central goal. This text is compulsive reading for the teacher who wants to make a difference in their classrooms. **Advances in Grid and Pervasive Computing** Nabil Abdennadher, 2009-04-22 This book constitutes the refereed proceedings of the 4th International Conference on Grid and Pervasive Computing (GPC 2009) held in Geneva, Switzerland in May 2009.
