communities and groups *The Church as the Family of God and the Care for Creation* Khisi, Maximian, 2019-02-19 Of late there has grown in African Catholicism the concept of Church as the Family of God *Familia Dei* which has enhanced greater social cohesion among the members of the Church and strengthened interpersonal relationships among them This book is an endeavour to offer a path towards the solution of the problem of environmental crisis through the theological discipline of ecclesiology Using the Catholic Archdiocese of Lilongwe's understanding of Church as the Family of God the book concludes that the application of the concept of Church as family of God while bringing great social cohesion among the people failed to extend to human relationships with the natural world in fact It has broadened the human feeling of superiority over the natural environment The book provides an ecclesiological complementarity which promotes a universal fraternity among people and the natural world and recommends an ecclesiological concept of Church as New Creation *Nova creatio* This would serve as a call for human beings to make a new ecological conversion leading new lifestyles change in their models of nature worldviews and change in the models of production and consumption The Way of the Sea Roald

Kverndal, 2008-01-01 The sea has been both a source of bounty and a bridge of communication through the ages *The Way of the Sea* explores the unique role of seafarers in promoting the revealed plan of the Creator and Redeemer of both land and sea As a follow up to *The Seamen's Mission* Kverndal's comprehensive survey of maritime mission presents both historical and current perspectives While *The Way of the Sea* provides a much needed tool for the developing field of maritime

Gornik, 2024-08-23 In *Sharing the Crust* Mark Gornik tells the story of an unbreakable love through the life and witness of Allan Tibbels and a communion of saints in the Sandtown neighborhood of Baltimore *Sharing the Crust* is about the power of small changes the little way and the hard work of peacemaking in a divided world It is about the meaning of companionship in this life and the life to come of who we are to one another A refreshingly complex story of ministry

church life and community development Sharing the Crust is a witness to faith hope and love for our times Crossroads Robert J. A. Doornenbal,2012 Building Community James O'Halloran,2011 A book that urges the nurturing of local community in the face of economic and political collapse Remember José Inga! James O'Halloran,2004 Remember Jose Inga is a novel based in South America in the turbulent decade of the 1970s It was paradoxically a time of hope and a time of despair A time of hope because in the wake of the Medellin Conference a church that had traditionally sided with the powerful was now taking its stand with the little ones A time of despair because brutal military dictatorships reacted violently to the new alliance The dictatorships were supported by oligarchies at home and neo colonial powers from abroad This oppression from abroad has reached crisis point at present but it was already going on if not quite so blatantly in decades past This moving story follows the fortunes of ordinary folk Indians priests Campesinos trapped in the web of history A small decision in the life of the indigenous Jose Inga leads to consequences that are great and impacted the lives of many in ways he could not have dreamt of
