The New Witches Aaron K.H. Ho, 2021-07-09 After Charmed ended in 2006 witches were relegated to sidekicks of televisual vampires or children's programs But during the mid 2010s they began to resurface as leading characters in shows like the immensely popular The Chilling Adventures of Sabrina the Charmed reboot Salem American Horror Story Coven and the British program A Discovery of Witches No longer sweet feminine domestic and white these witches are powerful diverse and transgressive representing an intersectional third wave feminist vision of the witch Featuring original essays from noted scholars this is the first critical collection to examine witches on television from the late 2010s Situated in the aftermath of the MeToo movement essays examine the reemergence and shifting identities of TV witches through the perspectives of intersectional gender studies hauntology politics morality monstrosity violence queerness disabilities rape ecofeminism linguistics family and digital humanities **The Academy**, 1894 *The Publishers Weekly*, 1898 The Other in the School Stories Ulrike Pesold, 2017-03-27 In *The Other in the School Stories A Phenomenon in British Children's Literature* Ulrike Pesold examines the portrayal of class gender race and ethnicity in selected school stories and shows how the treatment of the Other develops over a period of a century and a half The study also highlights the transition from the traditional school story to the witch school story that by now has become a subgenre of its own The school stories that are analysed include selected works by Thomas Hughes Rudyard Kipling Enid Blyton and J K Rowling **Performing Witchcraft, Exorcism, and Abortion on the Italian Renaissance Stage** Mary Gallucci, 2024-12-23 Antonfrancesco Grazzini's plays *La Spiritata The Possessed Girl* and *La Strega The Witch* are available in English for the first time with notes and an Introduction These plays deal with witchcraft superstition sexuality and abortion The context for such themes is analyzed in the Introduction Grazzini enhanced literary drama with elements from popular performances He influenced other playwrights including in England where *The Possessed Girl* was adapted as the Elizabethan comedy *The Bugbears* Writer and linguist John Florio used Grazzini's plays in his lexicon of Italian for English learners Grazzini celebrated artistic and popular traditions of Renaissance Florence he is significant for writing and preserving many literary genres especially the burlesque and carnivalesque He participated in Florentine spectacle and theater as a writer of plays a composer of interludes and a chronicler of festive events His importance to the development of the Italian language is evident in his plays **A Storm of Witchcraft** Emerson W. Baker, 2015 This fascinating account of the Salem Witch Trials explores their religious social and political dimensions their origins their critics and their aftermath as well as their influence on the American cultural imagination to the present day Witchcraft and Magic in the Nordic Middle Ages Stephen A. Mitchell, 2011-06-06 Stephen A. Mitchell here offers the fullest examination available of witchcraft in late medieval Scandinavia He focuses on those people believed to be able and who in some instances thought themselves able to manipulate the world around them through magical practices and on the responses to these beliefs in the legal literary and popular cultures of the Nordic Middle Ages

His sources range from the Icelandic sagas to cultural monuments much less familiar to the nonspecialist including legal cases church art law codes ecclesiastical records and runic spells Mitchell s starting point is the year 1100 by which time Christianity was well established in elite circles throughout Scandinavia even as some pre Christian practices and beliefs persisted in various forms The book s endpoint coincides with the coming of the Reformation and the onset of the early modern Scandinavian witch hunts The terrain covered is complex home to the Germanic Scandinavians as well as their non Indo European neighbors the Sami and Finns and it encompasses such diverse areas as the important trade cities of Copenhagen Bergen and Stockholm with their large foreign populations the rural hinterlands and the insular outposts of Iceland and Greenland By examining witches wizards and seeresses in literature lore and law as well as surviving charm magic directed toward love prophecy health and weather Mitchell provides a portrait of both the practitioners of medieval Nordic magic and its performance With an understanding of mythology as a living system of cultural signs not just ancient sacred narratives this study also focuses on such powerful evolving myths as those of the milk stealing witch the diabolical pact and the witches journey to Blåkulla Court cases involving witchcraft charm magic and apostasy demonstrate that witchcraft ideologies played a key role in conceptualizing gender and were themselves an important means of exercising social control

The Witch Ronald Hutton, 2017-01-01 This book sets the notorious European witch trials in the widest and deepest possible perspective and traces the major historiographical developments of witchcraft
