and requires dice **Postapocalyptic Fiction and the Social Contract** Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We'll Not Go Home Again provides a framework for our fascination with the apocalyptic events. The popular appeal of the end of the world genre is clear in movies, novels, and television shows. Even our political debates over global warming, nuclear threats, and pandemic disease reflect a concern about the possibility of such events. This popular fascination is really a fascination with survival: how can we come out alive? And what would we do next? The end of the world is not about species death but about beginning again. This book uses postapocalyptic fiction as a terrain for thinking about the state of nature, the hypothetical fiction that is the driving force behind the social contract. The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian, a Lockean, or a Rousseauian lens, including *Lucifer's Hammer* by Larry Niven and Jerry Pournelle, *Alas Babylon* by Pat Frank, *Malevil* by Robert Merle, and *Into the Forest* by Jean Hegland. The latter half of the book examines Octavia Butler's postapocalyptic Parable series, in which a new kind of social contract emerges, one built on the fact of human dependence and vulnerability.

Dark Glass TW Iain, 2016-08-29 An assassin from the dark districts, a target in a perfect society, and secrets that could kill them both. Killer for hire Rodin prides himself on his control. He trains hard. He keeps nobody close. He has nothing anyone can use against him. He's built his reputation; he can pick and choose contracts. Until now. When others want to kill him, he's forced to take a contract on a distinguished Councillor in the Dome, that idyllic supposedly secure society beneath the glass. It's a place where violence is unknown, where manners are everything. A place that will never accept Rodin. So he must go undercover, be everything he isn't. He must get close to the target without arousing suspicions. But the target is protected. As enemies close in, pressure builds, and Rodin's control starts to slip. And if Rodin doesn't remove his target, he's a dead man. *Dark Glass* is the start of *Dominions*, a series of dark Dystopian thrillers that are violent, intelligent, and unexpected. *Deep Water* TW Iain, 2016-11-02 Rodin's old life is over. But before he can move on, he needs to understand his past. He needs to know how he escaped death in the bunker and why he threw himself into the chasm. And he needs to know why others still want him dead. After a decade separated from society, Paskia's life is finally back on course. But Correction has not worked, and she is still considered a threat. If Paskia is to survive, she must once again confront the secrets she buried all those years ago. As Rodin and Paskia seek answers, Authority seeks closure. It doesn't like loose ends. Problems must be removed permanently. *Gatekeeper* TW Iain, 2016-09-02 There is a way to enter the Dome. The route is hidden, heavily guarded, and is not for those without inner strength and deep pockets. Karon is a gatekeeper watching over the final stretch of this route. Most days there is nothing to do. Most days he doesn't see another soul, once he's in the tunnels. But some days are different. Sometimes a walker comes to Karon's gate. Sometimes they pass through into the Dome. And sometimes they come back. *Gatekeeper* is a short story prologue to the dark Dystopian series *Dominions*. *Dead Flesh* TW Iain, 2016-09-28 Who is Rodin? He thought he was a professional killer, paid for his expertise. But now he no longer needs the money. He only kills to

keep the nightmares at bay He thought he could remain detached But removing those he knows to be innocent no longer makes sense Tracking down a target on the whim of a vengeful old man and his conniving son makes him question his own motives He thought he only existed in the present But everyone has a past The nightmares can only be held back for so long Sooner or later they must be faced **Fading Control** TW Iain,2021-04-07 They might have won the battle but the war is only just starting Rodin heads west into a fractured district on the verge of collapse unless he can pull disparate forces together once more putting his life on the line Cat to the north walks a tightrope deep within Authority where those above him surely know of his betrayal where he can trust nobody and nothing where any wrong move may be his last And behind it all Authority moves bringing pieces into play dividing their enemies preparing for victory *Solar Storm: Book 5* Marcus Richardson,2018-01-14 To secure peace prepare for war The Cantrells have survived everything the world threw at them since the lights went out but what s coming will test each and every one of the group pushing them to their very limits When they struck deep at the heart of the Grover County Militia they not only took a stand against tyranny they took sides in a civil war Now is the calm before the storm They know what s coming They know who s hunting them But they have only one option as winter engulfs their northern Michigan refuge prepare for battle Will they have time enough to heal Will they have time enough to build Will they have time enough to arm and train Will they have time enough to love and recover Or will the fight find them at last
