Phonics supports learning the letter-sound knowledge needed.

The "ea" pattern in "bead" may be temporarily irregular until this pattern is taught.

The "ai" pattern in "said" is irregular. Draw children's attention to the parts of the word that is **regular**.

Our brain uses letter sound relationships PLUS our knowledge of phonemes to segment and blend spoken sounds.

With multiple exposures and practice, our brains map the letter sequence to long term memory. It becomes a **sight** word!

Framework Sight Words Learning:

Frameworks for Learning & Development Karen Kearns, 2010-02-09 Written to support delivery of units in the Diploma of Children's Services this text explores children's development and the skills and philosophies needed to design programs for individual children and groups **WORKING IN CHILDREN'S SERVICES SERIES** Each of the books in the award winning Working in Children's Services Series has been written to assist students in attaining the skills and knowledge required to achieve a Children's Services qualification With its easy to read style and engaging full colour presentation this series is an excellent resource for students *Literacy and second language learning for the linguistic integration of adult migrants* Fernanda Minuz, Jeanne Kurvers, Karen Schramm, Lorenzo Rocca, Rola Naeb, 2022-06-15 Language skills foster among other things social inclusion access to education and employment Within this context non literate or low literate migrants have specific educational needs This reference guide is meant for language educators curriculum designers and language policy makers in their endeavour to design implement evaluate and improve curricula tailored toward the specific needs of non and low literate adult migrants This group of migrants faces the complex and demanding task of learning a language while either learning to read and write for the first time or developing their literacy skills They rarely receive adequate instruction in terms of hours of tuition and targeted teaching approaches whereas they are very often requested to take a compulsory written test The reference guide contains a definition of target users and learners the rationale related to the development of the descriptors principles for teaching literacy and second languages scales and tables of descriptors aspects of curriculum design at the macro meso and micro levels and recommendations on assessment procedures and tools within the learning environment The guide also contains descriptors that build on the Common European Framework of Reference for Languages CEFR and the CEFR Companion volume up to the A1 level for adult migrants with special attention given to literacy learners *Handbook of Cognitive, Social, and Neuropsychological Aspects of Learning Disabilities* S. J. Ceci, Stephen J. Ceci, 2014-05-22 First Published in 1986 This is the companion volume to the Handbook of Cognitive Social and Neuropsychological Aspects of Learning Disabilities Vol 1 As such it is a continuation of the theme and approach taken in the first volume There are four thematic sections comprised of three to four chapters each dealing with cognitive micro level and macro level social and neurological characteristics of learning disabled individuals *Handbook of Orthography and Literacy* R. Malatesha Joshi, P.G. Aaron, 2013-05-13 Until about two decades ago the study of writing systems and their relationship to literacy acquisition was sparse and generally modeled after studies of English language learners This situation is now changing As the worldwide demand for literacy continues to grow researchers from different countries with different language backgrounds have begun examining the connection between their writing systems and literacy acquisition This text which derives from a NATO sponsored conference on orthography and literacy brings together the research of 70 scholars from across the world the largest assemblage of such experts to date Their findings are grouped into three parts as follows

Part I Literacy Acquisition in Different Writing Systems describes the relationship between orthography and literacy in twenty five orthographic systems This section serves as a handy reference source for understanding the orthographies of languages as diverse as Arabic Chinese English Icelandic Kannada and Kishwahili Part II Literacy Acquisition From a Cross Linguistic Perspective makes direct comparisons of literacy acquisition in English and other orthographic systems The overall conclusion that emerges from these eight chapters is that the depth of an orthographic system does influence literacy acquisition primarily by slowing down the acquisition of reading skills Even so studies show that dyslexic readers can be found across all orthographic systems whether shallow or deep which shows that dyslexia also has internal cognitive and biological components Part III Literacy Acquisition Instructional Perspectives explores literacy acquisition from developmental and instructional perspectives and ends with a look into the future of literacy research This Handbook is appropriate for scholars researchers and graduate students in such diverse fields as cognitive psychology psycholinguistics literacy education English as a second language and communication disorders
