Mutation (Wildfire Chronicles Vol. 4) [post-apocalyptic/zombie horror] K.R. Griffiths, 2013-12-31 The only thing the survivors of the catastrophe in South Wales wanted was a safe place to ride out the apocalypse The castle looked perfect high walls and natural defenses that even the infection could not breach The problem was that someone had beaten them to it Someone who would stop at nothing to maintain control Someone with a dark secret that could change everything

Zombie Horror Post apocalyptic Action Dystopian Series Science Fiction *Wildfire Chronicles: Volumes 1-4 [Post-apocalyptic/Zombie horror series bundle]* K.R. Griffiths, 2014-09-19 Wildfire Chronicles is the acclaimed horror science fiction series from K R Griffiths This compilation collects volumes 1 to 4 in one bargain package

Panic Volume 1 Michael Evans is only in rural St Davids to maintain a low profile after his time spent as a city cop ended in disaster The town is perfect for him isolated A tiny population Virtually no crime Until the night the strange canisters fall from the sky and the town priest starts killing people with his teeth To Michael the bloodbath looks like a murder case that the quiet town's two police officers can't possibly handle But this isn't just a crime scene And the priest is just the beginning

Shock Volume 2 The team had been told it would be a straightforward mission enter St Davids now little more than a ghost town retrieve the target and return to base Trouble is the target is a man named Victor and it looks like somebody else got to him first And St Davids is anything but a ghost town

Psychosis Volume 3 Michael Evans crippled survivor of the massacre at St Davids has only one goal left to find his young daughter And that means journeying north and discovering that during the five days he spent comatose in an underground bunker the world has changed dramatically And worse it's still changing Struggling to come to terms with a world steeped in shocking violence and ever present danger Michael must adapt quickly to a new reality the virus has already infected the population But it isn't stopping there

Mutation Volume 4 The only thing the survivors of the catastrophe in South Wales wanted was a safe place to ride out the apocalypse The castle looked perfect high walls and natural defenses that even the infection could not breach The problem was that someone had beaten them to it Someone who would stop at nothing to maintain control Someone with a dark secret that could change everything

American Cities in Post-Apocalyptic Science Fiction Robert Yeates, 2021-11-15 Visions of the American city in post apocalyptic ruin permeate

literary and popular fiction across print visual audio and digital media American Cities in Post Apocalyptic Science Fiction explores the prevalence of these representations in American culture drawing from a wide range of primary and critical works from the early twentieth century to today Beginning with science fiction in literary magazines before taking in radio dramas film video games and expansive transmedia franchises Robert Yeates argues that post apocalyptic representations of the American city are uniquely suited for explorations of contemporary urban issues Examining how the post apocalyptic American city has been repeatedly adapted and repurposed to new and developing media over the last century this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible Chapters present media specific analyses of these texts situating them within their historical contexts and the broader history of representations of urban ruins in American fiction Original in its scope and cross media approach American Cities in Post Apocalyptic Science Fiction both illuminates little studied texts and provides provocative new readings of familiar works such as Blade Runner and The Walking Dead placing them within the larger historical context of imaginings of the American city in ruins

Challenging Anthropocentrism in Eco-Science Fiction Novels Fatma Gamze Erkan, 2024-01-03 This book explores the relationship between humanity and nature while challenging the notion that anthropocentric behaviour causes the environmental catastrophes depicted in the four selected British eco science fiction novels These novels are John Christopher s The Death of Grass 1956 J G Ballard s The Drought 1965 Brian Aldiss s Earthworks 1965 and John Brunner s The Sheep Look Up 1972 all of which fictionalise the fact that the consequences of environmental problems can be diverse but equally serious This book examines how even the smallest damage caused by human beings to the environment negatively affects them other living beings and the ecosystem they need to live and flourish In conjunction with these the factors and conditions that push characters in the novels to ignore and harm the environment are also scrutinised While examining how and why the environmental problems in the novels have arisen it is evaluated whether the authors propose solutions to these problems and if so what they are *Voison'S Boomerang* R.

RexDeNemo, 2017-04-18 In a futuristic world a nurse practitioner and a doctor are encouraged to begin dating by Voison Noteau the elderly author of a book that accurately foretold of Boomerang the moment in 2036 when an asteroid hit Earth and caused a disaster of epic proportions Unfortunately now some fifty years after Voison penned the prophetic story that was eventually optioned into a Hollywood movie the original manuscript is missing When Carol Applegate and Dr Razguptra finally go on their first date she is drugged As Dr Razguptra attempts to discover who slipped her the drugs he has no idea that there are those who want Carol silenced because of her knowledge about Voisons book As a detective and his partner are pulled in to investigate the strange events Voison reveals a surprising connection between the Malthusian Cartel and Boomerang and the location where he hopes the flash drive containing the manuscript is stored But little do they know that in their quest to find it they have all opened themselves up to an evil force determined to keep the truth hidden In this

science fiction adventure several people become intertwined in a murderous plot after it is discovered they possess knowledge about a book that foretold of a catastrophic event fifty years earlier

Apocalyptic Ecology in the Graphic Novel Clint Jones, 2020-03-30 As awareness of climate change grows so do the number of cultural depictions of environmental disaster Graphic novels have reliably produced dramatizations of such disasters Many use themes of dystopian hopefulness or the enjoyment readers experience from seeing society prevail in times of apocalypse This book argues that these generally inspirational narratives contribute to a societal apathy for real life environmental degradation By examining the narratives and art of the environmental apocalypse in contemporary graphic novels the author stands against dystopian hope arguing that the ways in which we experience depictions of apocalypse shape how we respond to real crises

Contemporary Women's Post-Apocalyptic Fiction Susan Watkins, 2020-02-29 This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post-apocalyptic fiction Since the dawn of the new millennium there has been an outpouring of writing that depicts the end of the world as we know it and women writers are no exception to this trend However the book argues that their fiction is distinctive Contemporary women's work in this genre avoids conservatism a nostalgic mourning for the past and the focus on restoring what has been lost aspects key to much male authored apocalyptic fiction Instead contemporary women writers show readers the ways in which patriarchy and neo colonialism are intrinsically implicated in the disasters they envision and offer qualified hope for a new beginning for society culture and literature after an imagined apocalyptic event Exploring science nature and matter the posthuman body the maternal imaginary time narrative and history literature and the word and the post secular the book covers a wide variety of writers and addresses issues of nationality race and ethnicity as well as gender and sexuality

Viral World Long T. Bui, 2024-06-07 This book argues that the catastrophe of COVID 19 provided a momentous time for

groups institutions and states to reassess their worldviews and relationship to the entire world Following multiple case studies across dozens of countries throughout the course of the pandemic this book is a timely contribution to cultural knowledge about the pandemic and the viral politics at the heart of it Mapping the various forms of global consciousness and connectivity engendered by the crisis the book offers the framework of viral worlding defined as viral forms of relationality becoming and communication It demonstrates how worlding or world making processes accelerated with the novel coronavirus New emergent forms of being global went viral to address conditions of inequality as well as forge possibilities for societal transformation Considering the tumult wrought by the pandemic Bui analyzes progressive movements for democracy abolition feminism environmentalism and socialism against the world shattering forces of capitalism authoritarianism racism and militarism Focusing on ways the pandemic disproportionately impacted marginalized communities particularly in the Global South this book juxtaposes the closing of their lifeworlds and social worlds by hegemonic global actors with increased collective demands for freedom mobility and justice by vulnerable people The breadth and depth of the book thus provides students scholars and general readers with critical insights to understanding the world s of COVID 19 and collective efforts to build better new ones
