Malešič, 2005-11-15 Consisting of eight parts this book includes the changing nature of the defence of national territory role expeditionary warfare peacekeeping and humanitarian intervention defence diplomacy domestic military assistance and internal security The authors come from a range of different groups involved in defence transformation processes

The Construction of Liberal Democracy Jack J. Porter, 2010 Rogue and failed states present numerous security challenges to the United States and the rest of the international community Not only do these states offer refuge and at times assistance to violent nonstate actors such as terrorist organizations and pirate syndicates their continued inability to respond to citizens needs and unwillingness to respect human dignity establish the foundations for ongoing regional and global instability With this challenge in mind current U S and international foreign and security policy is directed at assisting these fragile communities in their efforts at democratic state and nation building The primary focus of this analysis is a detailed examination of two earlier and successful efforts at democratization the Federal Republic of Germany and South Africa paying particular attention to the role of civil

military institutions After outlining the substantial theoretical and practical obstacles confronting these states the monograph highlights the potential roles that the new armed forces can play in the democratic transition and consolidation phases The analysis concludes with a number of policy recommendations and suggestions for those involved in these formidable and critical efforts

reform in Croatia and Serbia Montenegro since 2000 focussing particularly on the institution and consolidation of democratic and civilian control of the armed forces the reform of conflict era forces structures and the influence of the West including defence assistance and political conditionality

Anatomy of Post-Communist European Defense Institutions Thomas-Durell

Young,2017-06-29 Although the West won the Cold War the continuation of the status quo is not a foregone conclusion The former Soviet aligned regions outside of Russia Ukraine Poland Czech Republic and others sit atop decaying armed forces while Russian behavior has grown more and more aggressive as evidenced by its intervention in Ukraine in recent years Thomas Young delves into the state of these defense institutions in Central and Eastern Europe whose resources have declined at a faster rate than their Western neighbors due to social and fiscal circumstances at home and shifting attitudes in the wider international community With rigorous attention to the nuances of each region s politics and policies he documents the status of reform of these armed forces and the role that Western nations have played since the Cold War as well as identifying barriers to success and which management practices have been most effective in both Western and Eastern capitals This is essential reading for undergraduates and graduates studying the recent history of Europe in the post Soviet era as well as those professionally involved in defense governance in the region
