organizing workers into neighborhood locals which connected workplace struggles to ethnic and religious identities the CFL facilitated a surge in the organization's membership particularly among African American workers and afforded the federation the opportunity to aggressively confront employers The CFL's innovative structure however was ultimately its demise Linking union locals to neighborhoods proved to be a form of de facto segregation Over time union structures rank and file conflicts and employer resistance combined to turn the union's hopeful calls for solidarity into animosity and estrangement Tensions were exacerbated by violent shop floor confrontations and exploded in the bloody 1919 Chicago Race Riot By the early 1920s the CFL had collapsed The Ordeal of the Jungle explores the choices of a variety of people while showing a complex overarching interplay of black and white workers and their employers In addition to analyzing union structures and on the ground relations between workers Bates synthesizes and challenges previous scholarship on interracial organizing to explain the failure of progressive unionism in Chicago *Disasters, Accidents, and Crises in American History* Ballard C. Campbell, 2008 Presents a chronologically arranged reference to catastrophic events in American history including natural disasters economic depressions riots murders and terrorist attacks **Civil Rights in the USA, 1863-1980** David Paterson, Susan Willoughby, Doug Willoughby, 2001 A study of civil rights in the USA It is designed to fulfil the AS and A Level specifications in place from September 2000 The AS section deals with narrative and explanation of the topic There are extra notes biography boxes and definitions in the margin and summary boxes to help students assimilate the information The A2 section reflects the different demands of the higher level examination by concentrating on analysis and historians' interpretations of the material covered in the AS section There are practice questions and hints and tips on what makes a good answer *History of the Chicago Urban League* Arvarh E. Strickland, 2001 Reed author of *The Chicago NAACP and the Rise of Black Professional Leadership 1910-1966* cites Strickland's work as a landmark study of the earliest civil rights efforts in Chicago BOOK JACKET [The Chicago Race Riots](#) Christopher Tabbert, 2019-08-04 Carl Sandburg was not yet an internationally famous poet and author when he wrote a series of articles about contemporary race relations for the Chicago Daily News in 1919 The Great Migration of African Americans from the rural South to industrial centers like Chicago was well underway and Sandburg was one of the first journalists to perceptively explore the complex and potentially incendiary social economic and political forces that were at work When Chicago exploded in interracial violence Sandburg was viewed as a prophet His articles for the Daily News were published in book form for posterity and they are presented anew in this volume a century after their first appearance
