The Coaching Habit:

The Coaching Habit Michael Bungay Stanier, 2016-02-29 Coaching is an essential skill for leaders But for most busy overworked managers coaching employees is done badly or not at all They're just too busy and it's too hard to change But what if managers could coach their people in 10 minutes or less In Michael Bungay Stanier's *The Coaching Habit* coaching becomes a regular informal part of your day so managers and their teams can work less hard and have more impact Coaching is an art and it's far easier said than done It takes courage to ask a question rather than offer up advice provide an answer or unleash a solution Giving another person the opportunity to find their own way make their own mistakes and create their own wisdom is both brave and vulnerable It can also mean unlearning our fix-it habits In this practical and inspiring book Michael shares seven transformative questions that can make a difference in how we lead and support And he guides us through the tricky part how to take this new information and turn it into habits and a daily practice Bren Brown author of *Rising Strong* and *Daring Greatly* Drawing on years of experience training more than 10 000 busy managers from around the globe in practical everyday coaching skills Bungay Stanier reveals how to unlock your people's potential He unpacks seven essential coaching questions to demonstrate how by saying less and asking more you can develop coaching methods that produce great results Get straight to the point in any conversation with The Kickstart Question Stay on track during any interaction with The AWE Question Save hours of time for yourself with The Lazy Question and hours of time for others with The Strategic Question Get to the heart of any interpersonal or external challenge with The Focus Question and The Foundation Question Finally ensure others find your coaching as beneficial as you do with The Learning Question A fresh innovative take on the traditional how-to manual the book combines insider information with research based in neuroscience and behavioural economics together with interactive training tools to turn practical advice into practiced habits Dynamic question and answer sections help identify old habits and kick start new behaviour making sure you get the most out of all seven chapters Witty and conversational *The Coaching Habit* takes your work and your workplace from good to great

Summary of The Coaching Habit SellWave Audio, 2025-09-13 Michael Bungay Stanier's *The Coaching Habit* redefines what effective leadership looks like in the modern workplace Instead of viewing coaching as a formal event that happens only during performance reviews or structured meetings the book shows how coaching can become a natural part of daily interactions When managers build the habit of coaching they create teams that achieve more with less effort unlocking greater impact in every conversation Based on years of training more than 10 000 managers across the globe Bungay Stanier distills his experience into seven simple yet powerful coaching questions These questions are designed to shift leaders away from giving quick answers and toward asking better questions that spark insight clarity and ownership From The Kickstart Question which gets straight to the point to The Awe Question which keeps conversations focused each tool provides a practical way to transform the quality of dialogue Managers also discover how to save time with The Lazy Question and The

Strategic Question address deeper challenges with The Focus Question and The Foundation Question and end every interaction with The Learning Question ensuring real progress has been made What sets The Coaching Habit apart is its combination of storytelling research and practical application Bungay Stanier draws on neuroscience behavioral economics and hands on leadership experience to show that coaching is not just a skill but a repeatable practice With its conversational style and interactive tools the book moves beyond theory to help leaders turn new insights into lasting habits As Bren Brown observes coaching requires courage It means resisting the urge to jump in with solutions and instead creating space for others to think grow and take responsibility The Coaching Habit embraces this philosophy offering leaders a straightforward yet transformative path to more meaningful work and stronger relationships
