The Carrington Prophecy:

Prophecy Unveiled John Buckley, 2007-09 Dr Buckley skillfully explores many of the hidden but powerful prophecies in the Bible His very clear biblical exposition defangs some cherished doctrinal issues such as dispensationalism dual covenant restoration of Israel to its homeland and the rapture Social Issues **The 11th Hour Prophecies: Mysterious**

Predictions and the Race Against Time Alvaro Roberson, In a world teetering on the edge of unprecedented change hidden prophecies from the most secluded corners of Earth are finally coming to light From snow capped Himalayan monasteries to the secret caves of Mount Athos from indigenous elders sacred circles to the hushed chambers of desert mystics a singular message emerges humanity has entered its 11th hour Alvaro Roberson after spending fifteen years gaining the trust of the world s most reclusive spiritual communities brings together for the first time a collection of eerily similar predictions that transcend cultural and geographical boundaries These aren t vague distant forecasts they re specific warnings about our immediate future many already unfolding before our eyes What makes shamans in the Amazon share the same urgent message as Buddhist monks in Japan Why do Aboriginal dreamwalkers echo the prophecies of Sufi mystics half a world away And most importantly why do they all point to 2025 2030 as humanity s moment of greatest transformation Inside these pages you ll discover Never before published predictions from isolated spiritual communities Startling correlations between ancient prophecies and current scientific discoveries Specific timeframes for imminent global changes Practical guidance for navigating the prophesied transformations Sacred practices preserved for this exact moment in human history But this isn t just another book about prophecies it s a wake up call encoded in the wisdom of ages As you turn these pages you ll find yourself questioning everything you thought you knew about humanity s past present and possible futures Already readers report strange synchronicities and profound insights while engaging with this material Some describe spontaneous awakening experiences others find themselves drawn to locations mentioned in the prophecies This book seems to serve as more than just a collection of predictions it appears to be a trigger for personal transformation The 11th Hour Prophecies reads like a spiritual thriller yet every word is drawn from authentic encounters and authorized transmissions of sacred knowledge Roberson s firsthand accounts of his journeys and initiations weave together with the prophecies to create an immersive experience that will leave you seeing the world and our current moment in an entirely new light Whether you re a spiritual seeker a student of prophecy or simply someone concerned about humanity s future this book offers unprecedented access to wisdom that has been safeguarded for centuries until now The gatekeepers of these prophecies all agree the time for keeping these predictions secret has passed The moment to share them is here As global events accelerate and transform our world daily this book serves as both a warning and a guide for what lies ahead The question isn t just what these prophecies predict it s why they re surfacing now and what role each of us plays in the unfolding of their message Don t just read about prophecy become part of its fulfillment The 11th hour is upon us What happens next may depend on who

receives these messages and how we choose to act upon them A masterwork of spiritual investigation that reads like a cross between Indiana Jones and a quantum physics textbook The Spiritual Review Roberson has achieved the impossible gathering and connecting prophetic traditions that have never before been shared outside their original communities Global Mystery Magazine Not since the discovery of the Dead Sea Scrolls has such a significant collection of spiritual predictions come to light Ancient Wisdom Quarterly Prepare to question what you thought you knew Prepare to remember what your soul never forgot

Mayan Calendar Prophecies: Predictions for 2012-2052 Gary C. Daniels, 2012-11-01 Take a look at the science behind the Mayan calendar prophecies and mythology The Maya believed multiple cycles governed civilization They created various calendars to track these cycles Their short count calendar tracked a 256 year cycle believed to control epidemics famines warfare and more Scientists have found a 250 year solar cycle that also appears to affect epidemics famines warfare and more Their long count calendar tracked a 5000 year cycle related to natural disasters and cosmic catastrophes Scientists have also discovered that the Earth is subjected to periodic bombardment by comets and asteroids that plunges the world into long periods of darkness and cold Mayan mythology appears to record such events and in some instances even the exact dates on which these catastrophes occurred in the past By comparing these dates with ice core records sedimentary records and climate records this book reveals the truth about civilization s darkest days And what may lie ahead in the future

Sacred Surrealism, Dissidence and International Avant-Garde Prose Vivienne Brough-Evans, 2016-05-05 Vivienne Brough Evans proposes a compelling new way of reevaluating aspects of international surrealism by means of the category of *divin fou* and consequently deploys theories of sacred ecstasy as developed by the Coll ge de Sociologie 1937 39 as a critical tool in shedding new light on the literary oeuvre of non French writers who worked both within and against a surrealist framework The minor surrealist genre of prose literature is considered herein rather than surrealism s mainstay poetry with the intention of fracturing preconceptions regarding the medium of surrealist expression The aim is to explore whether International surrealism can begin to be more fully explained by an occluded strain of dissident surrealist thought that searches outside the self through the affects of ekstasis Bretonian surrealism is widely discussed in the field of surrealist studies and there is a need to consider what is left out of surrealist practice when analysed through this Bretonian lens The Coll ge de Sociologie and Georges Bataille s theories provide a model of such elements of dissident surrealism which is used to analyse surrealist or surrealist influenced prose by Alejo Carpentier Leonora Carrington and Gellu Naum respectively representing postcolonial feminist and Balkan locutions The Coll ge and Bataille s dissident surrealism diverges significantly from the concerns and approach towards the subject explored by surrealism Using the concept of ekstasis to organise Bataille s theoretical ideas of excess and inner experience and the Coll ge s thoughts on the sacred it is possible to propose a new way of reading types of International surrealist literature many of which do not come to the forefront of the surrealist literary oeuvre
