The Chinese Economy Masahiko Aoki, Jinglian Wu, 2012-10-19 China has enjoyed a higher growth rate for a longer period than any other nation to date This volume brings together leading economists to analyse this unprecedented economic boom and discuss prospects for the future Chapters address a wide range of issues covering not only financial systems but also the social and cultural impact of growth

China's Great Economic Transformation Loren Brandt, Thomas G. Rawski, 2008-04-14 This landmark study provides an integrated analysis of China's unexpected economic boom of the past three decades The authors combine deep China expertise with broad disciplinary knowledge to explain China's remarkable combination of high speed growth and deeply flawed institutions Their work exposes the mechanisms underpinning the origin and expansion of China's great boom Penetrating studies track the rise of Chinese capabilities in manufacturing and in research and development The editors probe both achievements and weaknesses across many sectors including China's fiscal legal and financial institutions The book shows how an intricate minuet combining China's political system with sectorial development globalization resource transfers across geographic and economic space and partial system reform delivered an astonishing and unprecedented growth spurt

Demystifying the Chinese Economy Justin Yifu Lin, 2012 An insightful account of the remarkable transition of the Chinese economy from impoverished backwater to economic powerhouse

The Economic Transformation Of China Dwight Heald

Perkins, 2015-03-27 The Economic Transformation of China is a collection of essays written by an eminent observer of the Chinese economy The book covers the Chinese transformation beginning in the 1950s and continuing through the second decade of the twenty first century It includes an analysis of the forces that held China back before 1949 the nature of the economy as it operated under the Soviet model of development and the transformation since 1978 into a socialist market economy The essays of the post 1978 era reflect the author's view of the state of the reform effort at the time the essay was written and carries the story up to the 2012 2013 slowdown in economic growth

China Ross Garnaut, Ligang Song, Cai Fang, 2013-07-01 The Chinese economy is undergoing profound change in policy and structure The change is necessary to increase the value of growth to the Chinese community and to sustain growth into the future The changes are so comprehensive and profound that they represent a new model of Chinese economic growth This book describes the replacement of an old uninhibited investment expansion model of growth by transition to modern economic growth and provides insights into recent changes and where they are likely to lead These include requirements for building the new institutions including its public finances for future growth adjustments in its savings industry and agriculture changes in its

demographic structure business environment and pattern of rural urban migration prospects for green growth its energy policy trilemma and the climate change mitigation strategy and changes for China's interaction with the international economy through its overseas investment and trade in high tech products China's adoption of a new model of economic growth is of immense importance to people in China and everywhere This book is an early attempt to take a close look at many of the features of the new model *Advances in the Economics of Religion* Jean-Paul Carvalho, Sriya Iyer, Jared Rubin, 2019-06-29 This edited collection brings together expertise from around the globe to overview and debate key concepts and concerns in the economics of religion While the economics of religion is a relatively new field of research in economics economists have made and continue to make important contributions to the understanding of religion There is much scope for economists to continue to make a significant contribution to debates about religion including its implications for conflict political economy public goods demography education finance trade and economic growth **Unlikely Partners** Julian Gewirtz, 2017-01-02 Introduction River crossings The great helmsman departs Pushing off from shore A swifter vessel Navigating the crosscurrents Through treacherous waters Days on the river In the wake A tempestuous season The narrows of the river At the delta Conclusion Arrivals and departures **The Chinese Economy after WTO Accession** Shuanglin Lin, 2016-03-23 This book provides an analysis of the Chinese economy in the context of globalization after China's admission to the WTO In four parts it addresses globalization privatization fiscal policy and financial development In depth analysis is also given to international trade industrial development as well as economic performance and the labour market The Chinese Economy after WTO Accession is a comprehensive study supported by recent data and quantitative analysis It provides a solid basis for better understanding the possible future directions of China's economy This volume is an indispensable source for scholars and students alike China's Economy David J. Pyle, 2016-07-27 China's dramatic economic transformation can only be understood in relation to her modern history David Pyle reviews the post 1978 reform process in the context of two centuries of Chinese economic social and political history Agricultural industrial and financial reforms and the attraction of foreign trade and direct investment are analysed in detail The conclusion compares China's gradualist approach with the big bang of Eastern Europe and the former Soviet Union examining China's prospects and the lessons to be learnt elsewhere
