The Chosen Body The Chosen Body:

The Chosen Body Meira Weiss, 2004-11-15 This book examines how the social and cultural paradigms of contemporary Israel are articulated through the body To construct a panoramic view of how the Israeli body is chosen regulated cared for and ultimately made perfect the author draws upon some twenty years of ethnographic research in Israel in a range of subjects These include premarital and prenatal screening the regulation of the body and its imagery among appearance impaired children and their families the screening and sanctifying of the body as part of the bereavement and commemoration of fallen soldiers and the discourse of the chosen body as it surfaces during terrorist attacks military socialization war and the peace process *The New Chosen People, Revised and Expanded Edition* William W.

Klein, 2015-11-25 Controversy rages on about God's choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God's choosing individuals prophets priests kings to serve divine purposes and considers God's election of the nation of Israel as his special people This OT study proposes that God's election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul's writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church *The Chosen*

The Chosen Ones Margarita Arnal Moscardó, 2023-12-28 The book The Chosen Ones represents a staunch and unwavering commitment to face life overcome difficulties and to know how to enjoy it at all times along the path of the evolution of consciousness In this sense the author Margarita Arnal Moscardó reveals to us through her stories a path to live life Reading this book is giving yourself the opportunity to delve into the ancestral feminine force The author's great understanding of feelings and her connection with a wisdom that connects with our soul offers answers on the initiation of the path to overcoming difficulties while acknowledging the happy moments that life offers The Chosen Ones an exciting novel that captivates the reader from the first moment is based on the spiritual adventures of three women throughout their lives The Chosen Ones is the telling of three stories perhaps not by chance as the number three is considered the perfect number according to spiritual traditions In the three stories we find a wide spectrum of situations that bathe the individual in joy love and happiness or at the same time flood with deep sadness lost love and suffering Perhaps a more subliminal message in the book but latent in each of the three stories is the sublime claim

of the inalienable right for women to enjoy the path of life whatever future or destiny holds for each of them for ALL the women given that there are three stories The ties obstacles and problems that women face can in no way prevent them from achieving their happiness Pain and suffering do not justify the martyrdom of waiting for an earthly existence without both The depth of the book is combined with sweetness as well as the clarity and courage with which pain is described the inevitable goodbye to loved ones and the maybe we will meet again sometime somewhere They are intermingled with a touch between realism and idealism and a sense of humor while offering an apprenticeship in the initiation rituals offered by some of the cultures of the earth From all this it can be deduced that the author Margarita Arnal Moscard shows authentic knowledge of the different visions of approach to the spiritual from the different cultural spiritual experiences that coexist on earth

The Chosen Dwight K. Nelson, 2011 When you think of being chosen does your mind go back to recess days on that schoolyard playground long ago when Teacher asked the two biggest boys in the class to choose up teams Remember how the rest of you lined up dutifully waiting for your name to be called And remember how you stood there nervously holding your breath shifting your weight from one sneaker to the other hoping against hope that this time you d be chosen Good news You have been chosen Maybe not for the starting lineup on your school s basketball team or for the next promotion at work But your calling is much more extraordinary For you are a chosen people a people belonging to God that you may declare the praises of him who called you out of darkness into his wonderful light 1 Peter 2 9 NIV Who is this God who has chosen you Why have you been chosen And how are the chosen to live Join Dwight K Nelson in an experience with God that will revolutionize your life as you stand where the chosen of old once stood on the brink of the Promised Land
