The Christ Myth Theory And Its Problems:

Shattering the Christ Myth James Patrick Holding, 2008-06 How To Get Rid of Jesus Prove He Didn't Exist A popular question posed by Christians today asks WWJD which stands for What Would Jesus Do For more and more Skeptics of Christianity however the answer to this question is JDNE which stands for Jesus did not exist In this volume edited by prominent Internet apologist James Patrick Holding a team of Christian authors provide a series of essays giving detailed answers to those who argue for the Christ myth Though rejected by mainstream scholars this theory continues to grow in popularity among popular writers and Internet antagonists The need for Christians to be ready to give an answer to it will only become more urgent Here is a clear and compelling rebuttal to fallacious claims that keep resurfacing in books and on the Internet It is well researched expertly presented and ultimately convincing Lee Strobel author *The Case for the Real Jesus*

Questioning the Historicity of Jesus Raphael Lataster, 2019-07-01 This volume moves beyond the mainstream scholarly scepticism over the Christ of Faith and considers if there is sufficient evidence to establish the existence of the more mundane Historical Jesus Using the logical tools of the analytic philosopher Lataster finds that the relevant sources are unreliable as historical documents and that the key method of those purporting that the Historical Jesus existed is to appeal to sources that do not exist Considering an ancient hypothesis suggesting that Jesus began as a celestial messiah that certain Second Temple Jews already believed in and was later allegorised in the Gospels Lataster discovers that it is more reasonable to at least be agnostic over Jesus historicity

The Jesus Problem John Robertson, 2017-11-27 As was explained in the preamble to *The Historical Jesus* 1916 that work was offered as prolegomena to a concise restatement of the theory that the Gospel Jesus is a mythical construction That theory had been discursively expounded by the writer in two large volumes *Christianity and Mythology* and *Pagan Christs* and summarily in *A Short History of Christianity* the argument in the two former combining a negative criticism of the New Testament narrative with an exposition of the myth evidence Criticism having in large part taken the form of a denial that the records were unhistorical it was necessary to clear the ground by showing that all the various attempts of the past generation to find in the gospels a historical residuum have entirely failed to meet critical tests Those attempts conflicting as they do with each other and collapsing as they do in themselves give undesigned support to the conclusion that the gospel story is without historic basis It remains to restate with equal brevity the myth theory which long ago propounded on a very narrow basis has latterly been re developed in the light of modern mythology and anthropology and has in recent years found rapidly increasing acceptance Inevitably the different lines of approach have involved varieties of speculation Professors Drews and W B Smith have ably and independently developed the theory in various ways and a conspectus and restatement has become necessary for the sake of the theory itself no less than for the sake of those readers who call for a condensed statement This in turn is in itself tentative If the progressive analysis of the subject matter from the point of view of its historicity has meant a century and a half of debate and an immense special

literature it is not to be supposed that the theory which negates the fundamental assumptions of that literature can be fully developed and established in one lifetime at the hands of a few writers. The problem, what really happened, is in fact a far wider one for the advocate of the myth theory than for the critic who undertakes to extract a biography from the documents. In its first form as propounded by Dupuis and Volney the myth theory was confined simply to certain parallelisms between Christian and Pagan myth and to the astronomical basis of a number of these. From this standpoint the actual historic inception of the cult was little considered. Strauss again developed with great power and precision the view that most of the detail in the gospel narrative is myth construction on the lines of Jewish prophecy and dogma. But Strauss never fully accepted the myth theory, having always assumed the existence of a teacher as a nucleus for the whole. As apart from the continuators of Dupuis and Volney it was Bruno Bauer who setting out with the purpose of extracting a biography from the gospels and finding no standing ground first propounded a myth theory from that point of view. His construction being the substantially arbitrary one of a hypothetical evangelist who created a myth and thereby founded the cultus, naturally made no headway and its artificiality strengthened the hands of those who claimed to work inductively on the documents. It was by reason of a similar failure to find a historic footing where he had at first taken it for granted that the present writer was gradually led on lines of comparative hierology and comparative mythology and anthropology to the conception of the evolution of the Jesus cult from the roots of a pre-Christian one. The fact that this view has been independently reached by such a student as Professor W B Smith who approached the problem from within rather than by way of the comparative method seems in itself a very important confirmation.

The Incarnate Christ and His Critics Robert M. Bowman Jr., J. Ed Komoszewski, 2024-11-12. A current comprehensive and clear defense of the deity of Christ. The central theological claim of Christianity that Jesus is God incarnate finds eager detractors across a wide spectrum from scholars who interpret Jesus as a prophet, angel, or guru to adherents of progressive Christianity and non-Christian religions and philosophies. Yet thorough biblical scholarship strongly supports the historic Christian teaching on the deity of Christ. Authors Robert M Bowman Jr and J Ed Komoszewski follow the approach of their landmark 2007 study on the same topic, *Putting Jesus in His Place*. They focus on five pillars of New Testament teaching using the acronym HANDS and demonstrate what both Jesus and the earliest believers recognized, namely that Jesus shares in the Honors that are due God: Attributes of God, Names of God, Deeds that God does, Seat of God's eternal throne. *The Incarnate Christ and His Critics* engages objections to the divine identity of Jesus from Jehovah's Witnesses, Mormons, progressive Christians, Muslims, Unitarians, and others. Bowman and Komoszewski show how biblical scholarship cannot reasonably ignore the enduring, wide-ranging, and positive case for the deity of Christ.

Discourses of Philology and Theology in Nietzsche Paul Bishop, 2023-10-31. This study proposes to examine the tension in Nietzsche's works between two competing discourses, i.e. the discourse of theology and the discourse of philology. It argues that in order to understand Nietzsche's complicated standpoint and the aim of his *Kulturkritik*, we have to appreciate how he

operates with two different discourses one indexed to belief faith liturgy i e the discourse of theology and another indexed to analytical reason sceptical investigation and logical argumentation as well as historical context and linguistic precision i e the discourse of philology Its core thesis is that in the end Nietzsche can no longer believe because he thinks he has uncovered a fraudulent production of meaning in the texts in a way that is comparable with his insight into the production of morality in *On the Genealogy of Morals* 1887 [The Christ-Myth Theory and Its Problems](#) Robert M. Price,2011 [Studies in the Historical Jesus](#) Justin J. Meggitt,2023-08-29 *Studies in the Historical Jesus* Anarchy Miracles and Madness is a selection of key essays on the historical figure of Jesus published over the last fifteen years by Justin J Meggitt Each addresses a central question in the study of Jesus and his context from the role of myth in the creation of traditions about him and the historicity of his miracles to the problem of his politics and the reasons for his execution The collection brings fresh perspectives and new data to bear on enduring debates and demonstrates the value of history from below in making sense of the historical Jesus and the world that made him **A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease *The Resurrection and Its Apologetics* Michael J. Alter,2024-03-21 Christians believe that Jesus is the Messiah and the Savior of the human race who died for the sins of humanity on the cross 1 Cor 15 3 The next verse adds the essential that he was buried that he was raised on the third day in accordance with the Scriptures In *Jesus Death and Burial* Michael Alter critically surveys the writings of leading Christian apologists about Jesus death and burial and then explains why detractors and skeptics cannot accept the New Testament claim that Jesus died on the cross and received a tomb burial *The Resurrection and Its Apologetics* is an in depth series that significantly contributes both to the academic and non academic world reviewing and analyzing the most salient claims put forward in defense of Jesus death burial and bodily resurrection from the dead [The Resurrection Fact](#) John J. Bombaro,Adam Francisco,2016-10-31 In the

first century the resurrection fact faced both Jewish and Greek audiences with a challenge the challenge of a new reality Christ the risen Lord Since facts are by definition something that happened and this happening was witnessed proclaimed and recorded the fact stands for all generations In answering critics a defense of the resurrection consists not only of a response by way of negation e g Christianity is not this but also through positive affirmations this is Christianity In this book the reader will find both However it is our hope that the final word retained would be the one that stands for something rather than against something Together our words stand for something positive not negative namely the good news that the one true God has now taken charge of the world in and through Jesus and His death and resurrection
