The Cinema Of Errol Morris Wesleyan Film:

The Cinema of Errol Morris David Resha, 2015-04-08 The Cinema of Errol Morris offers close analyses of the director's films from box office successes like *The Thin Blue Line* and *The Fog of War* to Morris's early works like *Vernon Florida* and controversial films like *Standard Operating Procedure*. Film scholar David Resha's reappraisal of Morris's films allows us to rethink the traditional distinction between stylistically conservative documentaries which are closely invested in evidence and reality and stylistically adventurous films which artfully call to question such claims of nonfiction and truth. According to Resha, Errol Morris does not fit neatly in this division of the documentary tradition. Rather, his experiments with documentary conventions constitute another way to investigate reality in particular to examine the ways in which his subjects understand and misunderstand themselves and the world around them. Seen within the nonfiction tradition, an Errol Morris documentary is a flexible form of lively engaging storytelling and shrewd cutting in depth reportage. Hardcover is unjacketed.

American Masculinities in Contemporary Documentary Film Sara Martín, 2023-05-24 Most documentaries deal with men, but what do they actually say about masculinity? In this groundbreaking volume, Sara Martín analyses more than forty 21st-century documentaries to explore how they represent American men and masculinity. From Jennifer Siebel Newsom's *The Mask You Live In* to Raoul Peck's *I Am Not Your Negro*, this volume explores sixteen different faces of American masculinity: the good man, the activist, the politician, the whistleblower, the criminal, the sexual abuser, the wrongly accused, the dependent man, the soldier, the capitalist, the adventurer, the sportsman, the architect, the photographer, the musician, and the writer. The collective portrait drawn by the documentaries discloses a firm critical stance against the contradictions inherent in patriarchy, which makes American men promise empowerment it cannot fulfill. The filmmakers' view of American masculinity emphasizes the vulnerability of disempowered men before the abuses of the patriarchal system run by hegemonic men and a loss of bearings about how to be a man after the impact of feminism, accompanied nonetheless by a celebration of resilient masculinity and of the good American man. Firmly positioning documentaries as an immensely flexible relevant tool to understand 21st-century American men and masculinity, their past, present, and future, this book will interest students and scholars of film studies, documentary film, American cultural studies, gender, and masculinity.

An Investigative Cinema Fabrizio Cilento, 2018-07-17 This book traces the development of investigative cinema, whose main characteristic lies in reconstructing actual events, political crises, and conspiracies. These documentary-like films refrain from a simplistic reconstruction of historical events and are mainly concerned with what does not immediately appear on the surface of events. Consequently, they raise questions about the nature of the truth promoted by institutions, newspapers, and media reports. By highlighting unanswered questions, they leave us with a lack of clarity, and the questioning of documentation becomes the actual narrative. Investigative cinema is examined in relation to the historical conjunctures of the economic miracle in Italy, the simultaneous decolonization and reordering of culture in France, the waves of globalization and neoliberalism in post

dictatorial Latin America and the post Watergate post 9 11 climate in US society Investigative cinema is exemplified by the films Salvatore Giuliano The Battle of Algiers The Parallax View Gomorrah Zero Dark Thirty and Citizenfour **How Documentaries Went Mainstream** Nora Stone,2023 Since the 1960s documentary films have moved closer to the mainstream thanks to the popularity of rockumentaries association with the independent film movement support from public and cable television and the rise of streaming video services Documentary films have become reliable earners at the U S box office and ubiquitous on streaming platforms while historically they existed on the margins of mainstream media How do we explain the growing commercialization of documentary films and the conditions that fueled their transformation The growing commercialization of documentary film has not gone unnoticed but it has not been sufficiently explained Streaming and the growing interest in reality TV are usually offered as initial explanations whenever a documentary enters the cultural conversation or breaks a box office record but neither of those causes grapple with the overlapping causal mechanisms that commercialized documentary film How Documentaries Went Mainstream provides a more comprehensive and meaningful periodization of the commercialization of documentary film Although the commercial ascension of documentary films might seem meteoric it is the culmination of decades long efforts that have developed and fortified the audience for documentary features Author Nora Stone refines rough explanations of these efforts through a robust synoptic history of the market for documentary films using knowledge of film economics and the norms of industry discourse to tell a richer story This periodization will allow scholars to compare the commercialization of documentary film with other genres Drawing on archival documents industry trade journals and popular press and interviews with filmmakers and film distributors Stone illuminates how documentary features have become more plentiful popular and profitable than ever before The Cinema of Rithy Panh Leslie Barnes,Joseph Mai,2021-07-16 The essays in this groundbreaking collection examine how celebrated Cambodian director Rithy Panh counters the abstraction of mass violence with a cinema anchored in the body the physical trace the direct testimony and the living landscape They explore his unique aesthetic sensibility examining the dynamic and sensuous images through which he suggests that everything has a soul *Neurocinema—The Sequel* Eelco F. M. Wijdicks,2022-04-21 The history of neurology as seen through the lens of the filmmaker is fascinating and extraordinary Neurocinema The Sequel is a review of the history of neurology as seen in film starting with the early days of cinema and concluding with contemporary films now available in theaters and on streaming sites The major themes of this book encompass how neurology has been represented in the history of cinema and how neurologic topics emerged and then disappeared with some staging a comeback in more recent films 180 films are assessed and rated and many of these are exemplary depictions of neurological disorders The author examines whether film from a neurologic perspective can provide insight and even debate Each of the films discussed in this book demands serious attention by those who see and manage neurologic patients and support their families Neurocinema The Sequel chronicles this archive of neurologic representation

Detrás de la máscara: masculinidades americanas en el documental contemporáneo Sara Martín Alegre, 2023-11-14 La mayor a de los documentales est n protagonizados por hombres pero hasta ahora no se hab a explorado c mo son presentados En este volumen pionero Sara Mart n Alegre analiza m s de cuarenta documentales para responder a la pregunta de c mo se representan las masculinidades de los Estados Unidos de Am rica

Desde *The Mask You Live In* hasta *I Am not Your Negro* se analizan dieciséis caras distintas de la masculinidad americana: el buen hombre, el activista, el político, el denunciante, el criminal, el abusador sexual, el inocente injustamente acusado, el hombre dependiente, el soldado, el capitalista, el aventurero, el deportista, el arquitecto, el fotógrafo, el músico y el escritor. La visión de conjunto resalta la vulnerabilidad de los hombres ante los abusos patriarcales de un currículo hegemónico que controla el poder con el doble propósito de ayudarles a librarse de sus máscaras patriarcales y de reivindicar el documental como un instrumento relevante para ello.
