

Antigone Study Guide

PROLOGUE

1. According to Ismene, what is the role of women, i.e., how should women behave?
Don't content with men to do the noble and proud things that are destined for men, instead be ruled by a greater power than yourself.
2. Do you sympathize at all with Ismene's caution? Does Antigone treat her fairly?
I do sympathize with Ismene because that is all that she has known in her life, but I think Antigone treats her fairly.
3. Antigone considers herself a martyr. What is a martyr?
A person who sacrifices their life to make a cause stronger.

PARADOS After the initial dialogue, the chorus emerges for their first choral ode, which concerns the previous night's battle.

1. In simple terms, outline what happened in the battle between the brothers Eteocles and Polynices. After being denied his part of the throne, Polynices created an army of soldiers and fought Eteocles, however both of the brothers eventually died in war.
2. Contrast the picture of Polynices drawn here with Antigone's earlier discussion of her brother; does your opinion of him, and of Antigone's position, change at all?

My opinion did not change because even with less context, I could still tell that Polynices had been cheated out of his birthright and that Antigone was doing the right thing by burying him.

FIRST EPISODE

1. Accurately cite the lines where Creon explains the kind of wise ruler he intends to be. How does Creon view the laws of the state?
"Whoever places a friend above the good of his own country, he is nothing; I have no use for him" (Sophocles 8). Creon views the laws of the state as a binding duty that is to be held more important than his own family ideals.

2. Compare Creon's tone during his speech to the chorus and his tone when Sentry appears. How does it differ? What does this say about Creon?

Creon seemed much more humble and just in his speech, but when the sentry talks to him he is much more prideful and arrogant.

3. Creon believes he knows what is or isn't important to the gods. Cite lines that show he thinks he knows.

"Stop before you make me choke with anger . . . Say the gods could have the slightest concern for that corpse?" (Sophocles 11).

Sophocles Antigone Final Exam Guide With Answers

Jan Coenraad Kamerbeek

Sophocles Antigone Final Exam Guide With Answers:

A Study of Sophoclean Drama Gordon MacDonald Kirkwood, 1994 A study in the dramatic methods of Sophocles especially in the revelation of character as the primary essence of Sophocles art **Musical Design in Sophoclean Theater** William C. Scott, 2000-09-26 William C Scott extends concepts set forth in his Goodwin Award winning Musical Design in Aeschylean Theater 1984 by examining scansion patterns in the odes of the seven surviving Sophoclean tragedies Analyzing the play as performed its full expression in words music and dance Scott finds that Sophocles metrical patterns are not a secondary detail of the plays but a central feature of their musical organization Just as the playwright enhanced awareness of themes with a series of recurring and developing verbal images he also designed the music to guide the audience s understanding of unfolding often ambiguous events The fabric of music and meaning is so tightly woven Scott argues that significant portions of the plays cannot be fully realized on stage unless the musical effects created by the poet are incorporated While his work necessarily centers on the chorus Scott carefully integrates that role into the meaning of the play as a whole asserting that the chorus becomes a single persona a character with partial knowledge limited perspective and inconsistent responses The combination of words meters and forms provides a new perspective on each play **Lyceum** , 1887 **The Plays of Sophocles** Jan Coenraad Kamerbeek, 1978-12 **The Journal of Education** , 1894 *A Critical Study of the Tragedies of Robert Garnier (1545-90)* John Holyoake, 1987 Garnier is by common consent the greatest tragedian of the French Renaissance The core of this book consists of detailed critical commentaries on each of his seven tragedies The stress is placed on the individual qualities of each separate tragedy although some attention is given to the need to synthesize as well as to Garnier s characteristic qualities The introduction deals with possible approaches to sixteenth century tragedy in general while a preliminary chapter traces the historical development of tragedy before Garnier there are sections on imitation originality sources rhetoric and performance The author concludes that Garnier does not conform to norms as much as has been claimed and that it is misleading to divide his development so neatly into three phases
