The Christian And War:

War and Christian Conscience Fahey, Joseph J., 2014-04-10 This primer on war and the Christian conscience begins in an imaginary college classroom as students react to news that the draft has been reinstated Why cant I finish college asks one student Why do I have to go These urgent and personal questions offer the entry to a clear and comprehensive outline of the basic Christian responses to the problem of war As Fahey shows the Christian tradition has supplied a variety of answers including pacifism just war teaching the ethic of total war and the vision of a world community In the face of these different approaches how are we to decide which one is right And more basically how does one go about forming ones personal conscience For all who ponder these moral challenges whether as young people facing the question of military service or as counselors chaplains or teachers this book offers an essential and practical guide Faith and Force David L. Clough, Brian Stiltner, 2007-06-04 This book began in an argument between friends surprised to find themselves on opposite sides of the debate about whether the United States and the United Kingdom should invade Iraq in 2003 Situated on opposite sides of the Atlantic in different churches and on different sides of the just war pacifist fence we exchanged long emails that rehearsed on a small scale the great national and international debates that were taking place around us We discovered the common ground we shared as well as some predictable and some surprising points of difference When the initial hostilities ended our conversation continued and we felt the urgency of contributing to a wider Christian debate about whether and when war could be justified From the Preface So began a dynamic collaboration that developed into a civil but provocative debate over matters of war and peace that is Faith and Force From the ancient battles between Greek city states to the Crusades to the World Wars of the twentieth century to the present day wars in Afghanistan and Iraq and the Middle East aggressors and defenders alike have claimed the mantle of righteousness and termed their actions just But can the carnage of war ever be morally grounded And if so how These are the questions that David L Clough a Methodist proponent of pacifism and Brian Stiltner a Catholic theologian and just war adherent have vowed to answer together With one voice Clough and Stiltner outline and clarify issues of humanitarian intervention weapons proliferation and preventative war against rogue states Their writing is grounded in Christian tradition and provides a fresh and illuminating account of the complexities and nuances of the pacifist and just war positions In each chapter Clough and Stiltner engage in debate on the issues demonstrating a respectful exchange of ideas absent in much contemporary political discourse whether on television or in the classroom The result is a well reasoned challenging repartee that searches for common ground within the Christian tradition and on behalf of the faithful promotion of justice yet one that also recognizes genuine differences that cannot be bridged easily Intended for a broad audience Faith and Force is the perfect foil to the shrill screeching that surrounds partisan perspectives on military power and its use To help with using the book in a classroom context the authors have provided Questions for Reflection and Discussion for each chapter You can download these questions in PDF format at press.georgetown.edu *The Christian and*

War Hunter Beattie,1916 **The Christian & War** Allan Turner,2006-04-01 Since the Vietnam era there has arisen in America and the whole of Western society a way of thinking that argues against all war Consequently a book discussing the question of a Christian's participation in war and other related issues in light of this emerging consensus seems not just appropriate but necessary In an environment where war is by definition immoral it is difficult for good decent folks to think positively about war fighting This book is an effort to correct such thinking and to instruct the interested reader as to what the Bible actually says about this most important subject In addition to the war issue the author deals with the question of nuclear weapons the United Nations the war on terror and how it relates to the war in Iraq and capital punishment The author's examination of Jesus Sermon on the Mount and how it relates to this subject of war is especially interesting War and the Christian Charles Earle Raven,1972 **Who Would Jesus Kill?** Mark Allman,2008 In Who Would Jesus Kill War Peace and the Christian Tradition Dr Mark J Allman asks a provocative timely and timeless question Readable and thought provoking Who Would Jesus Kill Provides an overview of approaches to war and peace within the Christian tradition The author invites students to reflect on their own views as he examines in detail the topics of holy war just war and pacifism An appendix further explores the issues of war and peace from Jewish and Muslim perspectives Provided by publisher

Christianity and War and Other Essays Against the Warfare State Laurence M. Vance,2008 These seventy nine essays organized under the headings of Christianity and War War and Peace The Military Christianity and the Military The Iraq War Other Wars and The U S Global Empire have one underlying theme opposition to the warfare state that robs us of our liberty our money and in some cases our life Although many of these essays reference contemporary events the principles discussed in all of them are timeless war militarism empire interventionism the warfare state and the Christian attitude toward these things It is the author's contention that Christian enthusiasm for the state its wars and its politicians is an affront to the Saviour contrary to Scripture and a demonstration of the profound ignorance many Christians have of history Publisher description *The Christian in complete armour; or a treatise on the Saints' war with the devil, etc* William

GURNALL,1845 **Christian Attitudes toward War and Peace** Roland H. Bainton,2008-09-01 Any scholarship that addresses the evolution of Christian perspectives on warfare generally references this book first published in 1960 Although the scholarship of this work is now outdated and critiqued Bainton's work is foundational in the area Bainton believes that the Christian community started out pacifistic then developed the just war doctrine and finally adopted holy war ideals He traces this trajectory from the Early Church up through the wars and conflicts of the 20th century Finally Bainton adds his critique of current militaristic ideas especially in regards to atomic warfare from a review by Andrew Lumpkin **War with Devils.
