Biblical Counsel ,1993 **The Illustrated Bible Dictionary (Classic Reprint)** William Coleman Piercy, 2016-10-14
Excerpt from The Illustrated Bible Dictionary Modern scholarship research and discovery have thrown a flood of new light upon the Bible during recent years especially in regard to textual criticism comparative religion the knowledge of Oriental languages and dialects the deciphering of inscriptions archaeology geography etc It has been felt therefore that the time was ripe for putting such results before the general public in a compact and accessible form such as would be best found in a Bible Dictionary in one volume and a very large number of bishops scholars teachers archaeologists linguists and divines were consulted with the result that their replies showed a general consensus Of Opinion as to the need Of such an enterprise and to them the Editor is indebted for their warm approval and encouragement and for much valuable advice The spirit in which the endeavour has been made to produce a volume worthy of such commendations of the scheme is best expressed by a quotation from our prospectus The defence of Holy Scripture is a sacred duty of the Church of God and the present work has been carried out in the faith that it will be a contribution to a deeper knowledge of and therefore greater reverence for the word of God and it is the earnest desire Of the Editor and contributors that this aspiration may be realized While this Dictionary is frankly conservative in the right sense of that much misunderstood term none Of the additions of value made to our knowledge by criticism which are within the scope of a volume of this size have been neglected On this point the definition of the word conservative given in our instructions to writers may help to avoid misinterpretation of our purpose By conservative is meant that attitude of mind which while welcoming all ascertained results of investigation declines to accept any mere conjectures or theories as final conclusions and believes that the Old Testament will emerge with reinforced authority from the ordeal of criticism as the New Testament did in the last generation In short the aim of the writers has been to quote our prospectus again to combine modern research with ancient faith The need of this was excellently expressed many years ago by Bishop Lightfoot and his words remain equally true to day In criticism as in politics the voice of the innovators even though they may not be numerous cries aloud and thus gives the impression of numbers while the conservative Opinion of the majority is unheard and unnoticed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any

imperfections that remain are intentionally left to preserve the state of such historical works
