The Student's Research Companion Omid Aschari,Benjamin Berghaus,2023-03-21 Doing research means to bravely battle several challenges at once not only do you try to come to grasps with your topic conduct a useful project and write it all up You also

serve as crucial motivator and hardest critic You are expected to challenge yourself enough to grow but not enough to lose your wits And those are only two of the countless difficult balances to keep No wonder that especially junior researchers feel exhausting stress encounter intellectual and emotional cramps and sometimes seemingly turn into thoroughly drained ghosts at the end of their research journey If you are wary of your upcoming final academic project since you have seen how others have struggled this book is for you It draws together fifty useful mindsets throughout the thesis process that can help you keep your nerves together your mind sharp and your productivity up The junior research experience needs to improve This book will help find ways to optimize this experience It follows the notion to consider junior researchers first as human beings second as citizens and third as researchers Researchers are not algorithms that pick and apply methodology to problems researchers are people who seek opportunities to help solve societies problems by growing into the ability to reliably answer questions If you agree then this book is for you *the Gospel of the Lion of Judah, a student's guide* Roland van Reenen, 2011-12-08 We must become something we have never been and for which our education and experience and environment have ill prepared us In this speech of Emperor Haile Selassie I he is urging us to become something for which our education have ill prepared us for The Gospel of the Lion of Judah is a response to that call of Haile Selassie I to prepare the upcoming generations for the world he envisioned This book contains those timeless extracts of the vision of Haile Selassie I It does not claim to be complete but it wants to serve as a guiding light for the new generations It merely wants to sow some seeds of the high ideals and morality of His Majesty in the still fertile minds of the youths Seeds which might be nurtured and taken care after by the questions and tasks at the end of each chapter With these tasks the students are invited to look into the world around them but more important invited to look into themselves into the depths of their souls to find their own answers to the demands of a new race
