Superstar Job Interview Leveraging Portfolios:

Superstar Job Interview Dan Rivera, 2015-11-27 The resume is now over 500 years old thanks Da Vinci and job interviews are a pain but unfortunately there is no getting around either of them This book will guide you in making sure the interview goes as smoothly as possible with the use of some 21st century tools but better yet if you follow the basic steps outlined in the book you will be more confident during the interview and you will do a fantastic job of impressing the interviewer with more than just a resume and talk but actual samples of your work The methods I go over through the 18 chapters are time tested by me personally I can show you how to use them because I know they work for me as well as for those who I have instructed in these methods I have tried to keep this book short because there are really only three things that you need to be a Superstar in a job interview 1 A well crafted resume 2 A Mind Map that is visually tuned to the position job description and your resume 3 And most important of all a Job Interview Portfolio that contains samples of your work Item 1 has been covered in countless books and workshops and covered well Items 2 and 3 have either received no coverage or spotty coverage over the years I intend to change that With Superstar Job Interview you will be able to focus on what will nail the job interview and get you the job that you deserve

The New Investment Superstars Lois Peltz, 2001-04-19 Now The New Investment Superstars provides you with a unique opportunity to get to know these market masters and learn the original investment strategies they have used in many markets to outperform their peers Jacket Marketing the Arts Finola Kerrigan, 2010-04-27 In recent years there have been significant shifts in arts marketing both as a practice and an academic discipline The relationship between art and the market is increasingly complex and dynamic requiring a transformation in the way the arts are marketed Marketing the Arts argues that arts marketing is not about the simple application of mainstream managerial marketing to the arts With contributions from international scholars of marketing and consumer studies this book engages directly with a range of contemporary themes including The importance of arts consumption and its social dimensions The importance of the aesthetic experience itself and how to research it Arts policy development The art versus commerce debate The role of the arts marketer as market maker The artist as brand or entrepreneur This exciting new book covers topics as diverse as Damien Hirst's For the Love of God Liverpool's brand makeover Manga scanlation Gob Squad Surrealism Bluegrass music Miles Davis and Andy Warhol and is sure to enthuse students and enlighten practitioners
