

THE SUPREME **FIFA 14** GUIDE

As you can see, we're controlling Poli as our opponent approaches towards the center of the field. You first need to recognize that there is very little you can do with your other players, that's why EA tries to make AI as good as possible every year. Here, you need to close off at least one lane, and obviously the player controlling the ball.

Our defender that is closest to the goal is running towards the left to track down the central striker making a run off to the left. That probably isn't necessary as the other circled defender is in a good position to just intercept that through ball, but he needs to be there in case it gets past. I know the image does not make it look like it, but that runner is well covered and does not pose much of a threat.
