## **Surviving Inside Congress:**

Surviving Inside Congress Mark N. Strand, Jerome F. Climer, Michael S. Johnson, Mike Johnson, 2013-01-15      Surviving in Two Worlds Lois Crozier-Hogle, Darryl Babe Wilson, Ferne Jensen, 2010-06-28 *Surviving in Two Worlds* brings together the voices of twenty six Native American leaders. The interviewees come from a variety of tribal backgrounds and include such national figures as Oren Lyons, Arvol Looking Horse, John Echohawk, William Demmert, Clifford Trafzer, Greg Sarris, and Roxanne Swentzell. Their interviews are divided into five sections grouped around the themes of tradition, history, and politics, healing, education, and culture. They take readers into their lives, their dreams, and fears, their philosophies and experiences, and show what they are doing to assure the survival of their peoples and cultures as well as the earth as a whole. Their analyses of the past and present, and especially their counsels for the future, are timely and urgent.      **Fixing Congress**

Michael S. Johnson, Jerome F. Climer, 2024-03-19 A preponderance of evidence indicates the public is very unhappy with the US Congress. *Fixing Congress* is a behind-the-scenes look at how Congress really functions and why it doesn't. This powerful resource educates and empowers engaged citizens who want to participate more fully in the process of self-government and regain more control over it. Beginning with a closer look at members of Congress and their staff, as well as the structure, procedures, and culture, this groundwork gives citizens a greater understanding of Congress and the tools they need to make it better. It recounts the history of the institution, the intent of the Founding Fathers, and the historical currents that have driven the country to its state of gridlocked government and suffocating polarization. With the context set, *Fixing Congress* delves into special interest, clout, questionable campaign financing, campaign abuses, partisan congressional district maps, ideological and partisan extremism, the role of parties, the overwhelming influence of the media, and the multitude of forces that make the average voter feel like a tiny cog in the gigantic wheel of governance. This prolific resource provides numerous solutions that citizens can advocate in their communities and with their members of Congress. The final chapters propose reforms, strategies, and tactics to restore Congress to its intended purpose as a representative body. These proposals include redefining the distinctions between the Senate and House, reducing the size of congressional districts, limiting outside campaign financing, and urging the media to report objectively and with balance. Is it possible to make Congress more productive, more accessible, and more answerable to the people? Yes. *Fixing Congress* is an essential part of the solution.
