The Scandal of Adaptation Thomas Leitch, 2023-04-21 The essays in this volume seek to expose the scandals of adaptation Some of them focus on specific adaptations that have been considered scandalous because they portray characters acting in ways that give scandal because they are thought to betray the values enshrined in the texts they adapt because their composition or reception raises

scandalous possibilities those adapted texts had repressed or because they challenge their audiences in ways those texts had never thought to do Others consider more general questions arising from the proposition that all adaptation is a scandalous practice that confronts audiences with provocative questions about bowdlerizing ethics censorship contagion screenwriting and history The collection offers a challenge to the continued marginalization of adaptations and adaptation studies and an invitation to change their position by embracing rather than downplaying their ability to scandalize the institutions they affront

Masculinities in Post-Millennial Popular Romance Eirini Arvanitaki, 2022-05-12 This book focuses on the projection of the hero's masculinity in a selection of post millennial popular romance narratives and attempts to discover if and to what extent this projection reinforces or challenges patriarchal ideas about gender In the majority of these narratives the hero is often presented as a hegemonic alpha male However hegemonic masculinity is not a fixed concept Rather it is subject to continuous change which allows for the emergence of various dominant masculinities Under a poststructuralist lens and through a close textual analysis approach and a gender reading of romance narratives the book suggests that to a certain extent the romance hero could be described as a platform onto which different forms of dominant masculinity are displayed and highlights that these masculinities do not necessarily clash depend on or function as a prerequisite for each other

Flashpoint Bryan W. Alaspa, 2015-01-08 What you have here is an experiment A curious collection of short stories all under 1 000 words flash fiction In many cases these are potential novels novellas and longer works from the author's notebooks and that have been shaped into complete albeit short works in this collection Some of the stories were created just for this collection and many of them dealing with the end of the world horror mysteries and

more According to author Bryan Alaspa this is a collection like you might find in a musical box set where you find a special CD containing B sides alternate takes and outtakes In this case the author says this is a true peek into his creative process and the works that many times become his novels Authorship Contested Amy E. Robillard, Ron Fortune, 2015-06-12 This volume explores a dimension of authorship not given its due in the critical discourse to this point authorship contested Much of the existing critical literature begins with a text and the proposition that the text has an author The debates move from here to questions about who the author is whether or not the author's identity is even relevant and what relationship she or he does and does not have to the text The authors contributing to this collection however ask about circumstances surrounding efforts to prevent authors from even being allowed to have these questions asked of them from even being identified as authors They ask about the political cultural economic and social circumstances that motivate a prospective audience to resist an author's efforts to have a text published read and discussed Particularly noteworthy is the range of everyday rhetorical situations in which contesting authorship occurs from the production of a corporate document to the publication of fan fiction Each chapter also focuses on particular instances in which authorship has been contested demonstrating how theories about various forms of contested authorship play out in a range of events from the complex issues surrounding peer review to authorship in the age of intelligent machines **Ascent to Glory** Álvaro
