Trauma as Medicine Sarah Salter-Kelly, 2021-05-14 On a cold winter's morning in December of 1995 Sarah Salter Kelly's mother was brutally raped and murdered in a dark parkade by a stranger. After being found guilty of first degree murder the perpetrator suicided in prison. In Trauma as Medicine Sarah shares her inspirational story as a template to guide the reader in their own journey of transformation. She encourages you to consider the life lessons you came here to learn are found in the center of your greatest challenges and if you lean in miracles unfold. For Sarah these miracles became a path of Forgiveness and Compassion. Ten years after her mother's homicide she was compelled to understand the bad guy. Who was he? Who were his people and what had transpired to lead him into the parkade that day? Her desire for shared humanity led her to the First Nations land of his ancestors where she received a profound education in the history of colonization in Canada. This is a real life example of metabolizing trauma on a personal and collective level for deep soul healing. This book includes the following practices and teachings to guide your way: Journal exercises, meditations, ceremonies, Connecting with your Helping Spirits, Ancestors, Source Guidelines for creating sacred space focused on relationship with Mother Earth, Altered states such as Shamanic Journey, Ayahuasca, Facing fear using triggers as resources, Metabolizing trauma, embodying your medicine, Forgiveness, Collective healing, being of service.

Emotionally Focused Couple Therapy with Trauma Survivors Susan M. Johnson, 2011-11-03 This book provides a theoretical framework and a practical model of intervention for distressed couples whose relationships are affected by the echoes of trauma. Johnson guides the clinician in modifying the interactional patterns that maintain traumatic stress and fostering positive healing relationships among survivors and their partners. In depth case material brings to life the process of assessment and treatment with couples coping with the impact of different kinds of trauma including childhood abuse, serious illness, and combat experiences. The concluding chapter features valuable advice on therapist self-care.
