Kids' Slips Jeri J. Jaeger,2004-12-13 The study of speech errors or slips of the tongue is a time honored methodology which serves as a window to the representation and processing of language and has proven to be the most reliable source of data for building theories of speech production planning However until Kids Slips there has never been a corpus of such errors from children with which to work This is the first developmental linguistics research volume to document how online processing is revealed in young children ages 18 months through 5 years through their slips of the tongue Thus this text provides a new methodology and data source which will greatly expand our ability to uncover the details of early language development Professor Jaeger s groundbreaking book incorporates both details of her methodology and findings with implications for different aspects of language development including phonetics and phonology the lexicon semantics morphology and syntax While all the child data is included in the book a Web site hosted by the author provides readers with the adult data as well Kids Slips targets those who study language development in linguistics developmental psychology and speech and hearing as well as those who study language representation and processing more generally in the same disciplines

A Catalogue of Fossil Plants from the Hutton Collection Richard Howse,1888

Creating a Tween Collection Karen M. Smith,2019-04-15 Specialized collections for tweens or middle schoolers are relatively new and becoming increasingly popular This Practical Guide gives librarians everything they need to create such a collection Beginning with a brief description of the early adolescent brain and developmental stages and a

history of youth and teen services in libraries Creating a Tween Collection provides a solid foundation on which librarians can build support for such a collection In addition librarians will be given specific criteria for what constitutes tween literature guidelines for forming parameters that will work for their community and suggestions for using reviews and other sources in selecting appropriate materials and dealing with controversial titles Finally readers will learn how to re allocate spaces and budgets and how to market their new collection to patrons This is a must read for librarians who are looking to build a middle school collection in order to better serve their patrons This book Provides rationale about the importance of a specialized Tween Collection Gives specific examples for both fiction and nonfiction books databases and websites Provides guidance for creating diverse collections and tips for dealing with possible challenges Includes numerous case studies and booklists
