Social Reading Cultures on BookTube, Bookstagram, and BookTok Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni, 2024-04-30 This book examines the reading cultures developed by communities of readers and book lovers on BookTube Bookstagram and BookTok as an increasingly important influence on contemporary book and literary culture It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices bookish social media has elevated the agency and visibility of readers and book consumers within literary culture It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture Concise and accessible this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature sociology media and cultural studies as well as teachers and professionals in the book and library industries

The Digital Future of English Simone Murray, 2025-07-18 More than any other academic discipline literary studies is the creation of print culture How then can it thrive in the digital era Early 1990s predictions of the book's imminent demise presented a simplistic either/or choice between the legacy of moribund print and triumphalist digital technology Yet we have grown to experience the two media as complexly interdependent and even complementary Clearly digital does not kill print But literary studies in the digital era cannot simply resume business as usual It is urgently necessary to reconsider the discipline's founding assumptions in light of digital technology The digital era prompts a rethinking of literary studies' object of study as well as its methods theories audiences and pedagogical practices What counts as literature necessarily shifts in an age of proliferating born-digital texts and do-it-yourself DIY online publication Where should literary studies sit institutionally and how might it graft contextually oriented social sciences methods onto its traditionally humanistic mode of textual analysis Why should literary study continue to marginalize emotional responses to texts when online communities bond via readerly affect Who is the audience for literary criticism in an age where expertise is routinely challenged yet communication with global book-loving publics has never been technologically easier Finally how can we utilize digital tools to rejuvenate literary studies pedagogy and help English staff better connect with millennial age students Literary studies has been convulsed for decades by debates over electronic literature and more recently digitally aided distant reading But these discussions still mostly confine themselves to demarcating our proper object of study We need to think more expansively about digital technology's impact on the underpinning tenets of the discipline Literary Media Studies is pitched at fellow literary scholars book historians media theorists cultural sociologists digital humanists and those working at the interface of these converging disciplines It models constructive engagement with contemporary digital culture Most importantly it brings a burst of sorely needed optimism to

Educational Research and Innovation: What Does Child Empowerment Mean Today? Implications for Education and Well-being OECD, 2024-05-15

Childhood is changing in ways that we are still unpacking, affected by digitalization, globalization and climate change as well as shocks such as the COVID-19 pandemic. In many OECD education systems, child empowerment is increasingly an explicit aim of policies and practices. But it is often poorly defined, which risks turning it into a mere slogan. With the advancement of children's rights, children are increasingly being included as stakeholders in decision-making processes. This report gives examples of how children in OECD countries can and do participate in making decisions about issues that affect them. The report examines children's emotional well-being and physical activity and the role of schools as a physical space to create and support relationships. It also underlines the untapped potential of media education when it comes to seizing opportunities in childhood. Empowering all children to make the most of digital opportunities starts with further narrowing the gap in terms of access to digital tools and the Internet, where inequalities are persistent and pervasive. So, what does child empowerment mean today? Empowered children have the opportunity and ability to act on issues important and relevant to them, can learn by making mistakes and are key contributors to democracy.

Aiduel's Sin Daniel T. Jackson, 2023-01-28

BOOK TWO OF THE ILLBORN SAGA

How does the opportunity ever arise for one person to alter the destiny of a world? As the nations of Angall move closer to a Holy War, the four Illborn are to face momentous challenges while seeking answers about who they are and what their growing powers mean. After Arion and Allana are drawn to opposing sides in the coming conflict, their mutual obsession threatens to bring ruin to them both. In Arlais, Leanna finds herself a target of both the Holy Church and of the killers who are closing in on her. And in Karn, Corin must respond to a deadly new peril whilst coping with the devastating aftermath of the attack on his wife. How will the choices and actions of the four shape each of their destinies? Only this much is certain: the mysteries of the Gate and of their dreams still await them, and there will be no peace for the Illborn.

Aiduel's Sin is the thrilling and emotive second instalment of *The Illborn Saga*, the acclaimed epic fantasy series by Daniel T. Jackson.
