Media Sensation YouTube Review:

The Library Screen Scene Renee Hobbs, Liz Deslauriers, Pam Steager, 2019 In the past two decades several U S states have explored ways to mainstream media literacy in school curriculum However one of the best and most accessible places to learn this necessary skill has not been the traditional classroom but rather the library In an increasing number of school public and academic libraries shared media experiences such as film screening learning to computer animate and video editing promote community and a sense of civic engagement The Library Screen Scene reveals five core practices used by librarians who work with film and media viewing creating learning collecting and connecting With examples from more than 170 libraries throughout the United States the book shows how film and media literacy education programs library services and media collections teach patrons to critically analyze moving image media uniting generations cultures and communities in the process

The Rise of the Algorithms John M. Jordan, 2024-03-19 The meteoric rise of online video is reshaping the competition for human attention The Rise of the Algorithms argues that this new technology has changed the way we interact with others our relationships with public institutions and our very own behaviors and psyches In tracing the origins and evolution of online video John M Jordan examines the mechanics and the ethical stakes of online video platforms especially YouTube and TikTok but also others such as Twitch Tracing the use of algorithms pioneered by Facebook and Google and so successfully exploited by TikTok s corporate parent ByteDance Jordan shows how these platforms now engineer human behavior with consequences for culture politics and identity Jordan argues that we are at an inflection point Until now we have proved as a society ill prepared or unwilling to address such problems as the power of digital platforms the personal cost of viral celebrity the invasion of privacy and the proliferation of disinformation The Rise of the Algorithms combines this urgent assessment with a clear eyed discussion of present challenges and recommendations for reclaiming our online futures A valuable resource for understanding the transformations that have been and will be brought by YouTube TikTok and similar platforms Jordan s timely book is a vital work for anyone who uses the internet and especially for policy makers technologists communication and media specialists and researchers who have a direct hand in determining the future of our online world

A Parent's Guide to YouTube Stars Axis, 2018-11-01 Logan Paul PewDiePie HolaSoyGerman Jenna Marbles As the preferred video platform of Gen Z YouTube stars have tremendous influence on today s teens This guide will help you navigate the new age of influencers with your teen and answer these questions Who are they How do we keep track of them What if our kids wants to be YouTube stars too Parent Guides are your one stop shop for biblical guidance on teen culture trends and struggles In 15 pages or fewer each guide tackles issues your teens are facing right now things like doubts the latest apps and video games mental health technological pitfalls and more Using Scripture as their backbone these Parent Guides offer compassionate insight to teens world thoughts and feelings as well as discussion questions and practical advice for impactful discipleship

How the Movies Saved Christmas William D. Crump, 2017-05-11 Santa Claus is in trouble

Who will save Christmas This A to Z guide to holiday films television movies and series specials provides cast credits production information and commentary for 228 cinema Christmases that were almost ruined by villains monsters spirits secularism greed misanthropy or elf error but were saved by helpful animals magic snowmen selfless children or compassionate understanding Reviews and references are included *Making Sense of Media and Politics* Gadi Wolfsfeld, 2011-06-23 Politics is above all a contest and the news media are the central arena for viewing that competition One of the central concerns of political communication has to do with the myriad ways in which politics has an impact on the news media and the equally diverse ways in which the media influences politics Both of these aspects in turn weigh heavily on the effects such political communication has on mass citizens In *Making Sense of Media and Politics* Gadi Wolfsfeld introduces readers to the most important concepts that serve as a framework for examining the interrelationship of media and politics political power can usually be translated into power over the news media when authorities lose control over the political environment they also lose control over the news there is no such thing as objective journalism nor can there be the media are dedicated more than anything else to telling a good story the most important effects of the news media on citizens tend to be unintentional and unnoticed By identifying these five key principles of political communication the author examines those who package and send political messages those who transform political messages into news and the effect all this has on citizens The result is a brief engaging guide to help make sense of the wider world of media and politics and an essential companion to more in depths studies of the field **Writing for Digital Media** Brian Carroll, 2010-06-01 Writing for Digital Media teaches students how to write effectively for online audiences whether they are crafting a story for the website of a daily newspaper or a personal blog The lessons and exercises in each chapter help students build a solid understanding of the ways that the Internet has introduced new opportunities for dynamic storytelling as digital media have blurred roles of media producer consumer publisher and reader Using the tools and strategies discussed in this book students are able to use their insights into new media audiences to produce better content for digital formats and environments Fundamentally this book is about good writing clear precise accurate filled with energy and voice and aimed directly at an audience Writing for Digital Media also addresses all of the graphical multimedia hypertextual and interactive elements that come into play when writing for digital platforms Learning how to achieve balance and a careful deliberate blend of these elements is the other primary goal of this text Writing for Digital Media teaches students not only how to create content as writers but also how to think critically as a site manager or content developer might about issues such as graphic design site architecture and editorial consistency By teaching these new skill sets alongside writing fundamentals this book transforms students from writers who are simply able to post their stories online into engaging multimedia digital storytellers For additional resources and exercises visit the Companion Website for Writing for Digital Media at www.routledge.com/textbooks/9780415992015 **Race and Ethnicity in Digital Culture** Anthony Bak Buccitelli, 2017-11-10 In

this unprecedented study leading scholars and emerging voices from around the world consider how race and ethnicity continue to shape our everyday lives even as digital technology seems to promise a release from our real social identities How do people use the new expressive features of digital technologies to experience represent discuss and debate racial and ethnic identity How have digital technologies or digital spaces become racialized How have the existing vernacular traditions or folklore surrounding identity been reshaped in digital spaces And how have new traditions emerged This interdisciplinary volume of essays explores the role of traditional culture in the evolving expressions practices and images of race and ethnicity in the digital age The work examines cultural forms in exclusively digital environments as well as in the hybrid environments created by mobile technologies where real life becomes overlaid with digital content Insights from academics across disciplines including anthropology communications folkloristics art and sociology consider the interplay between race ethnicity everyday vernacular culture and digital technologies Six sections explore traditional cultural affordances of technology folklore and digital applications visual cultures of race and ethnicity racism and exclusion online political activism and race and concluding observations The book covers technologies such as vlogs video games digital photography messaging applications social media sites and the Internet Internet and Smartphone Use-Related Addiction Health Problems Olatz Lopez-Fernandez,2021-08-31 This Special Issue presents some of the main emerging research on technological topics of health and education approaches to Internet use related problems before and during the beginning of coronavirus disease 2019 COVID 19 The objective is to provide an overview to facilitate a comprehensive and practical approach to these new trends to promote research interventions education and prevention It contains 40 papers four reviews and thirty five empirical papers and an editorial introducing everything in a rapid review format Overall the empirical ones are of a relational type associating specific behavioral addictive problems with individual factors and a few with contextual factors generally in adult populations Many have adapted scales to measure these problems and a few cover experiments and mixed methods studies The reviews tend to be about the concepts and measures of these problems intervention options and prevention In summary it seems that these are a global culture trend impacting health and educational domains Internet use related addiction problems have emerged in almost all societies and strategies to cope with them are under development to offer solutions to these contemporary challenges especially during the pandemic situation that has highlighted the global health problems that we have and how to holistically tackle them **Educating for a New Future: Making Sense of Technology-Enhanced Learning Adoption** Isabel Hilliger,Pedro J. Muñoz-Merino,Tinne De Laet,Alejandro Ortega-Arranz,Tracie Farrell,2022-09-05 This book constitutes the proceedings of the 17th European Conference on Technology Enhanced Learning EC TEL 2022 held in Toulouse France in September 2022 The 30 research papers and 31 demo and poster papers presented in this volume were carefully reviewed and selected from 109 submissions Chapter Learners Strategies in Interactive Sorting Tasks is available open access under a CC BY 4 0 license **Sexual Violence and**

Predatory Journalism in India Francis Philip Barclay, Kaifia Ancer Laskar, 2025-02-18 Sexual Violence and Predatory Journalism in India examines unethical editorial practices in the reporting of sexual crimes against women in India introducing the term Predatory Journalism This book conceptualises and analyses predatory practices that commodify sexual crimes against women examining how it is facilitated and motivated by online spaces and social media channels and how it can often result in further harm to victims and their families It argues for editorial intervention more regulation policy measures and legal frameworks that will help build a sensitive and ethical media landscape and rebuild public trust Key issues examined include sexism sensationalism invasion of privacy victim blaming media trials media manipulation of information armchair reporting explicit sexual imagery the usage of unreliable sources and a lack of responsibility and accountability Providing a comprehensive analysis of the issue and offering a framework for ethical practice Sexual Violence and Predatory Journalism in India will be essential reading for scholars and students of media and cultural studies journalism and sociology interested in the intersection of media and crime in India and its associated ethical challenges
