Human Interaction, Emerging Technologies and Future Systems V Tareq Ahram, Redha Taiar, 2021-09-09 This book reports on research and developments in human technology interaction. A special emphasis is given to human computer interaction and its implementation for a wide range of purposes such as health care, aerospace telecommunication and education among others. The human aspects are analyzed in detail. Timely studies on human centered design, wearable technologies, social and affective computing, augmented virtual and mixed reality simulation, human rehabilitation and biomechanics represent the core of the book. Emerging technology applications in business security and infrastructure are also critically examined, thus offering a timely scientifically grounded but also professionally oriented snapshot of the current state of the field. The book gathers contributions presented at the 5th International Conference on Human Interaction and Emerging Technologies (IHET) 2021, August 27-29, 2021, and the 6th International Conference on Human Interaction and Emerging Technologies Future Systems (IHET FS) 2021, October 28-30, 2021, held virtually from France. It offers a timely survey and a practice oriented reference guide to researchers and professionals dealing with design systems engineering and management of the next generation technology and service systems.

OECD Public Governance Reviews Global Trends in Government Innovation 2023 OECD, 2023-05-15 In the face of what has increasingly been referred to as an ongoing permacrisis, governments must cope with and respond to emerging threats while already grappling with longstanding issues such as climate change, digital disruption and low levels of trust. In this context, understanding new approaches and spreading successful ideas has never been more important.

Global Dialogue on Media Dynamics, Trends and Perspectives on Public Relations and Communication Fong Peng Chew, 2025-01-08 This book contains the proceedings of the International Conference on Public Relations and Media Communication (PRMC) 2024, which explore the dynamic intersections of public relations and media in today's rapidly evolving landscape. It has a repository of innovative research, insightful discussions and emerging trends in digital media strategies, crisis communication, media ethics, public relations in the age of social media and the impact of emerging technologies on media practices. It touches upon a wide array of topics and provides a comprehensive overview of the latest advancements and challenges in these fields.
