Feminist Perspectives on Law and Literature Laura Schmitz-Justen, Laura A. Zander, Hanna Luise Kroll, Laura Wittmann, 2025-04-21 The interdisciplinary study of law and literature can help us better understand intersectionality and vice versa intersectional feminist perspectives are extremely valuable in the study of law and literature Of course neither feminist nor intersectional approaches are new in and of themselves for decades literary scholarship has studied the impact of particular constellations of gender race and class when it comes to representations of women in literary texts and has succeeded in shaking monolithic and stereotypical notions of womanhood However research at the intersection of law literature and feminism has so far been limited and insular Bringing together more than twenty international researchers from related disciplines this volume is the first to bring questions of intersectional feminism to the forefront of law and literature scholarship From reproductive and trans gender justice in law and literature to feminist practices that intervene in judicial discourse this volume brings into focus a wide range of cultural and legal phenomena in which gender and the law intersect in literary texts The volume s commitment to intersectionality fittingly extends to its very make up the contributors were selected to represent a diverse range of positions in terms of their gender career stage and nationality

A Hundred Years of Bibliotherapy Siobhan Campbell, Sara Haslam, Edmund G. C. King, 2025-05-16 The First World War gave new and vital impetus to the ancient idea that books could heal This interdisciplinary collection provides a targeted survey of 100 years of historical and contemporary understandings and practices of the book as cure The contributors explore the curative practices of wartime reading how they were developed and institutionalized after the war and the afterlives of these ideas and practices today Divided into three sections the first considers bibliotherapy in World War I It is rooted in the wartime cultures which ensured bibliotherapy became part of the active treatment of soldiers damaged minds and bodies on both sides of the Atlantic after 1914 Parts two and three examine the expanding variety of critical contexts both historical and more modern in which reading and wellbeing continued to intersect The chapters draw on a wide range of source material from trench magazines to autograph books to e novels as well as on data and information drawn from practice based encounters They also provide the basis for further scholarly exploration of for example national traditions and contexts and the inter disciplinary relationships which they inspire A Hundred Years of Bibliotherapy Healing through Books provides the first interdisciplinary dialogue on and account of bibliotherapy addressing both historical and present day modes of engaging with the ostensibly curative power of reading and reading cultures It is an invaluable resource for scholars of literary studies book history and the medical humanities

What We Talk About When We Talk About Books Leah Price, 2019-08-20 Reports of the death of reading are greatly exaggerated Do you worry that you ve lost patience for anything longer than a tweet If so you re not alone Digital age pundits warn that as our appetite for books dwindles so too do the virtues in which printed bound objects once trained us the willpower to focus on a sustained argument the curiosity to look beyond the day s news the

willingness to be alone The shelves of the world's great libraries though tell a more complicated story Examining the wear and tear on the books that they contain English professor Leah Price finds scant evidence that a golden age of reading ever existed From the dawn of mass literacy to the invention of the paperback most readers already skimmed and multitasked Print era doctors even forbade the very same silent absorption now recommended as a cure for electronic addictions The evidence that books are dying proves even scarcer In encounters with librarians booksellers and activists who are reinventing old ways of reading Price offers fresh hope to bibliophiles and literature lovers alike Winner of the Phi Beta Kappa Christian Gauss Award 2020

Reading Bestsellers Danielle Fuller, DeNel Rehberg Sedo, 2023-04-27 Readers are essential agents in the production of bestsellers but bestsellers are not essential to readers' leisure pursuits The starting point in this Element is readers' opinions about and their uses of bestselling fiction in English Readers' relationships with bestsellers bring into view their practices of book selection and their navigation of book recommendation culture Based on three years of original research 2019-2021 including a quantitative survey with readers interviews with social media influencers and qualitative work with international Gen Z readers in a private Instagram chat space the authors highlight three core actions contemporary multimodal readers make choosing connecting and responding in a transmedia era where on and offline media practices co-exist The contemporary multimodal reader or the MMR3 they argue illustrates the pervasiveness of recommendation culture reliance on trusted others and an ethic of responsiveness
