South Sudan Operational Plan Report Fy 2013 Aids Relief:

Evaluation of PEPFAR Division of Behavioral and Social Sciences and Education, Institute of Medicine, Board on Children, Youth, and Families, Board on Global Health, Committee on the Outcome and Impact Evaluation of Global HIV/AIDS Programs Implemented Under the Lantos-Hyde Act of 2008, 2013-06-27 The U S government supports programs to combat global HIV AIDS through an initiative that is known as the President s Emergency Plan for AIDS Relief PEPFAR This initiative was originally authorized in the U S Leadership Against HIV AIDS Tuberculosis and Malaria Act of 2003 and focused on an emergency response to the HIV AIDS pandemic to deliver lifesaving care and treatment in low and middle income countries LMICs with the highest burdens of disease It was subsequently reauthorized in the Tom Lantos and Henry J Hyde U S Global Leadership Against HIV AIDS Tuberculosis and Malaria Reauthorization Act of 2008 the Lantos Hyde Act Evaluation of PEPFAR makes recommendations for improving the U S government s bilateral programs as part of the U S response to global HIV AIDS The overall aim of this evaluation is a forward looking approach to track and anticipate the evolution of the U S response to global HIV to be positioned to inform the ability of the U S government to address key issues under consideration at the time of the report release **State, Foreign Operations, and Related Programs Appropriations**

for 2014 United States. Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs, 2013 *Republic of South Sudan* International Monetary Fund. African Dept., 2014-12-17 This 2014 Article IV Consultation highlights that South Sudan s economic performance has been mixed in recent years Real GDP growth has displayed high volatility the result of changes in oil and agricultural production Inflation rose in an initial period of economic instability in 2011 12 but was contained in 2013 14 thanks to fiscal and monetary restraint and lower food prices Serious challenges remain including distortions in the foreign exchange market and in budget execution lower international oil prices and subdued oil production As a result financing the budget for FY2014 15 is challenging and will likely require policy decisions given the otherwise potentially adverse impact on economic stability and inflation South Sudan International Monetary Fund. African Dept., 2017-03-23 South Sudan has suffered civil conflict political instability and external shocks in the past three years A steep decline in oil production and a sharp drop in oil prices have caused large shortfalls in foreign exchange receipts and government revenue Continued high government spending led to massive fiscal deficits that were either monetized or financed through accumulation of arrears The country is in a deep economic crisis with annual inflation peaking at 550 percent in September 2016 and a precipitous currency depreciation Gross international reserves have dropped to about one week of import cover A relapse of violence in July 2016 following the formation of the Transitional Government of National Unity three months earlier compounded the already existing humanitarian crisis and derailed the peace process The hope is that the country charts a new course toward a broad based and inclusive political process and economic development National Defense Authorization Act for Fiscal Year 2013, May 11, 2012, 112-2 House

Report 112-479 ,2012 **Paths between Peace and Public Service** Jürgen René Blum, Marcos Ferreiro-Rodríguez, Vivek Srivastava, 2018-12-28 Building a capable public service is fundamental to postconflict state building Yet in postconflict settings short term pressures often conflict with this longer term objective To ensure peace and stabilize fragile coalitions the imperative for political elites to hand out public jobs and better pay to constituents dominates merit Donor financed projects that rely on technical assistants and parallel structures rather than on government systems are often the primary vehicle for meeting pressing service delivery needs What then is a workable approach to rebuilding public services postconflict Paths between Peace and Public Service seeks to answer this question by comparing public service reform trajectories in five countries Afghanistan Liberia Sierra Leone South Sudan and Timor Leste in the aftermath of conflict The study seeks to explain these countries different trajectories through process tracing and structured focused methods of comparative analysis To reconstruct reform trajectories the report draws on more than 200 interviews conducted with government officials and other stakeholders as well as administrative data The study analyzes how reform trajectories are influenced by elite bargains and highlights their path dependency shaped by preconflict legacies and the specifics of the conflict period As the first systematic study on postconflict public service reforms it identifies lessons for the future engagement of development partners in building public services Rebuilding the bureaucracy is possibly the most underappreciated policy and research question in fragile states today This is one of the most politically astute and thoughtful books I ve read on postconflict policy making of any kind Christopher Blattman Ramalee E Pearson Professor of Global Conflict Studies Pearson Institute for the Study and Resolution of Global Conflicts Harris Public Policy University of Chicago Rebuilding states after conflict is the greatest challenge in development today And yet we know precious little about the actual experience of countries that have tried to rebuild their civil service and restore public services This is a monumental study based on extensive empirical data and field based research across multiple cases that actually opens up the black box of state building in conflict affected countries It should be required reading for anyone who takes on this extraordinary challenge Joel S Hellman Dean Edmund A Walsh School of Foreign Service Georgetown University There isn t a more pressing problem in international development than formulating practical strategies for building institutions in fragile states This book is a remarkable distillation of the frontline experiences of the World Bank in tackling this task Finally we have the basis for an empirically grounded assessment of what works and why Unputdownable James Robinson Reverend Dr Richard L Pearson Professor of Global Conflict and University Professor Institute Director Pearson Institute for the Study and Resolution of Global Conflicts Harris Public Policy University of Chicago Fiscal Year 2013 Appendix, Budget of the U.S. Government , Presents detailed information on individual programs and appropriation accounts that constitute the budget Includes for each Government department and agency the text of proposed appropriations language budget schedules for each account new legislative proposals and explanations of the work to be performed and the funds needed and proposed

general provisions applicable to the appropriations of entire agencies or groups of agencies NOTE NO FURTHER DISCOUNTS FOR ALREADY REDUCED SALE ITEMS Crisis Management Beyond the Humanitarian-Development Nexus Atsushi Hanatani, Oscar A. Gómez, Chigumi Kawaguchi, 2018-09-27 In addressing humanitarian crises the international community has long understood the need to extend beyond providing immediate relief and to engage with long term recovery activities and the prevention of similar crises in the future However this continuum from short term relief to rehabilitation and development has often proved difficult to achieve This book aims to shed light on the continuum of humanitarian crisis management particularly from the viewpoint of major bilateral donors and agencies Focusing on cases of armed conflicts and disasters the authors describe the evolution of approaches and lessons learnt in practice when moving from emergency relief to recovery and prevention of future crises Drawing on an extensive research project conducted by the Japan International Cooperation Agency Research Institute this book compares how a range of international organizations bilateral cooperation agencies NGOs and research institutes have approached the continuum in international humanitarian crisis management The book draws on six humanitarian crises case studies each resulting from armed conflict or natural disasters Timor Leste South Sudan the Syrian crisis Hurricane Mitch in Honduras the Indian Ocean earthquake and tsunami in Indonesia and Typhoon Yolanda The book concludes by proposing a common conceptual framework designed to appeal to different stakeholders involved in crisis management Following on from the World Humanitarian Summit where a new way of working on the humanitarian development nexus was highlighted as one of five major priority trends this book is a timely contribution to the debate which should interest researchers of humanitarian studies conflict and peace studies and disaster risk management

Armed Conflict Survey 2023 The International Institute for Strategic Studies (IISS), 2023-12-06 The Armed Conflict Survey 2023 provides an exhaustive review of the political military and humanitarian dimensions of active armed conflicts globally in the period from 1 May 2022 30 June 2023 The review is complemented by a strategic analysis of regional and global drivers and conflict outlooks providing unique insights into the geopolitical and geo economic threads linking conflicts regionally and globally as well as into emerging flashpoints and political risks to monitor This edition s regional focused approach also includes Regional Spotlight chapters on selected key conflict trends of regional and global importance Reflecting the growing significance of geopolitical factors in shaping current conflict trends across the world The Armed Conflict Survey 2023 features the third edition of the IISS Armed Conflict Global Relevance Indicator which compares the global relevance of armed conflicts in terms of their geopolitical impact as well as their human impact and intensity This edition also includes maps infographics key statistics and the accompanying Chart of Armed Conflict Annual Report Kokusai Kyōryoku Jigyōdan, 2014
