Southern Heroes Fernando G. Cartland,2018-01-18 Excerpt from Southern Heroes Or the Friends in War Time When the storm of war was about to break and all other voices were growing silent they continued to the last moment to utter their protest against the mad course on which the South was entering When the tides of strife and persecution were surging about them their lips were generally sealed through prudence but no amount of suffering or enticement could force them open in behalf of rebellion The reader will be inclined to think that they did as much in their own way to weaken and cripple the rebellion to bring on the overthrow of Slavery and to save the Union as any other body of men of equal numbers in any part of the land It is right therefore to record their names every one of them in the catalogue of our truest national heroes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The ^ANew Conscientious Objection Charles C. Moskos,John Whiteclay Chambers II,1993-04-08 Although conscientious objection is a long standing phenomenon it has only recently become a major factor affecting armed forces and society The only comprehensive comparative scholarly study of conscientious objection to military service this book examines the history of the practice in the Western world and state policies that have grown up in response to it It shows how the contemporary refusal to bear arms is likely to be secular and widespread rather than religious and marginal now including service people as seen in the 1991 War in the Persian Gulf as well as conscription resisters No account of civil military relations or peace movements in advanced industrial countries is complete without reference to conscientious objection and this book will be the standard text on the subject Religious Books and Serials in Print ,1982 Guide to Reprints 2007 K.
