Joyful Human Rights William Paul Simmons, 2019-01-24 In popular legal and academic discourses the term human rights is now almost always discussed in relation to its opposite human rights abuses Syllabi textbooks and articles focus largely on victimization and trauma with scarcely a mention of a positive dimension Joy especially is often discounted and disregarded William Paul Simmons asserts that there is a time and place and necessity in human rights work for being

joyful Joyful Human Rights leads us to challenge human rights foundations afresh Focusing on joy shifts the way we view victims perpetrators activists and martyrs and mitigates our propensity to express paternalistic or heroic attitudes toward human rights victims Victims experience joy indeed it is often what sustains them and in many cases what best facilitates their recovery from trauma Instead of reducing individuals merely to victim status or the tragedies they have experienced human rights workers can help harmed individuals reclaim their full humanity which includes positive emotions such as joy A joy centered approach provides new insights into foundational human rights issues such as motivations of perpetrators trauma and survivorship the work of social movements and activists philosophical and historical origins of human rights and the politicization of human rights Many concepts rarely discussed in the field play important roles here including social erotics clowning dancing expressive arts therapy posttraumatic growth and the Buddhist terms metta loving kindness and mudita sympathetic joy Joyful Human Rights provides a new framework one based upon a more comprehensive understanding of human experiences for theorizing and practicing a more affirmative and robust notion of human rights

Amidst Mass Atrocity and the Rubble of Theology Peter Admirand, 2012-03-16 It is hubris to claim answers to unanswerable questions Such questions however as part of their burden and worth must still be asked investigated and contemplated How there can be a loving all powerful God and a world stymied by suffering and evil is one of the unanswerable questions we must all struggle to answer even as our responses are closer to gasps silences and further questions More importantly how and whether one articulates a response will have deep lasting repercussions for any belief in God and in our judgments upon one another Throughout this wide ranging interdisciplinary work Peter Admirand draws upon his extensive research and background in theology and testimonial literature trauma and genocide studies cultural studies philosophy of religion interreligious studies and systematic theology As David Burrell writes in the Foreword T he work s intricate structure organization and development will lead us to appreciate that the best one can settle for is a fractured faith built on a fractured theodicy expressed in a language explicitly fragmented pluralist and broken
