Urban Apologetics Christopher W. Brooks, 2014-06-01 Much of the New Testament was written in urban settings in which the Christian communities had to deal head on with issues such as race equality justice sexuality money and economics But much of today's apologetics engagement with the questions that people are asking about Christianity come from suburban churches and academic studies Urban believers those who live and minister in America's inner cities often face unique issues not often addressed by the larger Christian community These questions aren't neat or easy to answer but need to be addressed by applying biblical truth in the culture and challenges of urban life Author Chris Brooks has ministered for years in the urban environment as well as received extensive theological training In Urban Apologetics he seeks to connect the riches of the Christian apologetic tradition with the issues facing cities

such as poverty violence and broken families He brings an urban rhythm and sensitivity to the task of demonstrating the relevance of faith and the healing truth that Christ provides Right Package, Wrong Baggage Wanda B.

Campbell,2010-10-01 For five years Pamela Roberts has balanced the demands of being a single mother and a devoted Christian She unselfishly places the needs of her son Matthew above her own Although she tries to convince everyone that she s happy with Jesus alone Matthew handpicks the perfect present for her a husband Everything about the man her son chooses is perfect except for his past Micah Stevenson is excited when he learns the son of the woman he has been praying about wants him to join their family permanently Believing Pamela Roberts is his soul mate sent from God Micah pursues her Once he is certain of her love for him Micah reveals his dark history shaking the foundation of the once loving and stable relationship Trust is broken as judgments and prejudices threaten to deny the couple s destiny Will the man he used to be prevent Pamela from loving Micah for the man he is now *Prison Librarianship Policy and Practice* Suzanna

Conrad,2016-11-10 Prisoners are in a grey area regarding library services Prison libraries violate many tenets of librarianship with the justification of maintaining order The field is de professionalized many positions are filled by persons without degrees in library science and corrections administrators often write policy for services Critics cite the need to implement public library service models despite practical difficulties This book investigates state national and international policies on prison libraries reviews literature on the topic and describes partnerships between prisons and public libraries Results from a national survey and follow up interviews are included providing a full narrative of policy outcomes in U S prisons **Reimagining Mission From Urban Places** Dr Anna Ruddick ,2020-03-31 Within a changing social and political

context the role of the church in public life and the response of Christians to social issues has taken on renewed energy Churches have entered enthusiastically into community engagement projects such as foodbanks and night shelters with a broad understanding of this as mission Missional Pastoral Care offers much needed reflection about the nature of mission and about expectations for missional outcomes Using the stories of team members within the Eden Network which emphasises an incarnational approach to urban mission the book demonstrates that at its best mission happens in a shared life rather than being about us telling the listening world A timely and provocative call to churches missional groups and those training for ministry to reflect more deeply on their practice and theology the book insists that mission is about difference love locality and long term consistency and at its best is slow complicated and messy *The Urban World and the*

First Christians Steve Walton,Paul Trebilco,David W. J. Gill,2017-09-18 In the tradition of *The First Urban Christians* by Wayne Meeks this book explores the relationship between the earliest Christians and the city environment Experts in classics early Christianity and human geography analyze the growth development and self understanding of the early Christian movement in urban settings The book s contributors first look at how the urban physical cultural and social environments of the ancient Mediterranean basin affected the ways in which early Christianity progressed They then turn to how the earliest

Christians thought and theologized in their engagement with cities With a rich variety of expertise and scholarship The Urban World and the First Christians is an important contribution to the understanding of early Christianity Startling Figures Michael O'Connell,2023-08-01 Startling Figures is about Catholic fiction in a secular age and the rhetorical strategies Catholic writers employ to reach a skeptical indifferent or even hostile audience Although characters in contemporary Catholic fiction frequently struggle with doubt and fear these works retain a belief in the possibility for transcendent meaning and value beyond the limits of the purely secular Individual chapters include close readings of some of the best works of contemporary American Catholic fiction which shed light on the narrative techniques that Catholic writers use to point their characters and their readers beyond the horizon of secularity and toward an idea of transcendence while also making connections between the widely acknowledged twentieth century masters of the form and their twenty first century counterparts This book is focused both on the aspects of craft that Catholic writers employ to shape the reader s experience of the story and on the effect the story has on the reader One recurring theme that is central to both is how often Catholic writers use narrative violence and other similar disorienting techniques in order to unsettle the reader These moments can leave both characters within the stories and the readers themselves shaken and unmoored and this O Connell argues is often a first step toward the recognition and even possibly the acceptance of grace Individual chapters look at these themes in the works of Flannery O Connor J F Powers Walker Percy Tim Gautreaux Alice McDermott George Saunders and Phil Klay and Kirstin Valdez Quade **Reclaiming the Urban Family** Willie Richardson,1996 Practical family ministry for both the church and the unchurched are the foundation of this book African American churches can help prevent dropouts from society and restore those who have dropped out They can help strengthen single parent homes and prevent divorce but it needs the kind of vision and strategies Richardson describes **Biblical Counsel** ,1993
