Storming the Reality Studio Larry McCaffery,1991 The term cyberpunk entered the literary landscape in 1984 to describe William Gibson s pathbreaking novel Neuromancer Cyberpunks are now among the shock troops of postmodernism Larry McCaffery argues in Storming the Reality Studio marshalling the resources of a fragmentary culture to create a startling new form Artificial intelligence genetic engineering multinational machinations frenetic bursts of prose collisions of style celebrations of texture although emerging largely from science fiction these features of cyberpunk writing are as this volume makes clear integrally related to the aims and innovations of the literary avant garde By bringing together original fiction by well known contemporary writers William Burroughs Thomas Pynchon Don DeLillo Kathy Acker J G Ballard

A Tale of Two Villains Calvin H. Cherry,2022-10-18 Prepare to be delightfully surprised to discover that the godfather of all vampires and the infamous dark wizard share a deep character bond that goes far beyond the title monster Be intrigued to uncover what a coffin and a horcrux share or to dig further to unearth that the often overlooked scars which Bram Stoker wrote of in Victorian England are just as significant as those described by J K Rowling in the modern era Indeed it cannot be a mere coincidence that Dracula was hurt in 1897 and 100 years later Harry is too Bookshelves and databases are full of fascinating sources celebrating the supernatural worlds created by beloved authors Bram Stoker and J K Rowling The millions of fans of Dracula and Harry Potter consist of all age groups and varied enthusiasm ranging from a curious reader or leisure cinema observer to seriously devoted academic scholars However followers of each universe have been chiefly segregated rarely mingling apart from an occasional culture convention widely dominated by Star Wars Star Trek and Marvel heroes groupies This is most unfortunate because Stoker and Rowling readers have a lot in common This is because Count Dracula and Lord Voldemort have much in common In fact these two internationally acclaimed bestselling novels possess a remarkable kinship A Tale of Two Villains is a love letter to both sets of fans paying homage to two superb authors and their

extraordinary respective works It is the first text to set both masterpieces on pedestals side by side analyzing the words on the page and the thoughts behind them exploring their similar themes unique parallelism and mystical symbolism The author delves profoundly into the interesting characters their traits conflicts and motivations to show how literary art is born This book is a must have for any Stoker or Rowling reader as it is the first of its kind ever published The Oxford History of the Novel in English Cyrus R.
