Viral Hit Investing Simplified:

Blogging: The Super Simple Guide On How To Make Money Blogging (Attract A Raving Fan Base, Understand Your First Viral Hit, And Discover Your) Frank Redick, Have you tried endless other solutions but nothing seems to work for more than a few weeks if that Do you finally want to say goodbye to scrapped blog ideas and products that get thrown in the trash and discover something which works for you If so then you ve come to the right place You see being a successful blogger doesn t have to be difficult Even if you ve tried selecting a high profit niche spent hundreds or thousands of dollars on ads self published e books or used every social media platform and watched it all go down the tubes you can still succeed Here s just a tiny fraction of what you ll discover Blogging for Profit The Basics You Need to Know Starting Your Blog Marketing Your Blog Monetizing Your Blog Managing Your Multiple Passive Income Streams And much much more The Ultimate Guide to is a valuable resource for beginners and aspiring bloggers who want to turn their passion into a profitable online venture Whether you re starting from scratch or seeking to enhance your existing blog this guide equips you with the knowledge strategies and techniques to succeed in the dynamic world of blogging Free Money Investing Strategies: Step by Step Start Up Guide for Beginners + Market Crash Survival Guide 101 Mandi Ward,2020-04-24 Morpheus knew before all of us did He knew the reality we created for ourselves is a lie We are being used We are the cogs in someone else s plan Well friends I m here to tell you that your SALARY or hourly rate is the BRIBE they give you to forget your dreams Are you going to keep sleeping Are you going to take a different path that freaks you the fuck out The time to decide is right now I don t need to tell you the world is falling apart but do you see what a virus is doing to us humans Do you know the way each country responds Do you have toilet paper I am in no way making an argument for mutiny I love my country I wouldn t want to live anywhere else except on a beach with a fishing rod and a never ending drink but that s another story My goal is to open one of your eyes to investing Hopefully you will open the other eye Then maybe with two eyes open you can create your path What does this mean for investing Simple what goes up must come down If you are juggling flaming knives when one is tossed up another is aimed at you Now picture a trusted friend helping you with these flaming knives Their job is to catch the knives and toss them in cold water to put out the flame As it turns out you can do this same thing with flaming stocks and their icy bitter twins These types of stocks are played against each other When one is up the other is down Play the downturn loser not the winner Why buy the inverse stock that is running up You probably think it is a done deal Buy the winner hitting 15% today Hold till tomorrow BUST Often new traders have timing issues that cause them to enter into a position that suddenly drops after purchase Instead watch the inverse stock fall off the face of a cliff Wait until the RSI is dirty low before buying in Wait some more on purchasing the inverse until you see the running up stock flip aka turn red or decrease in gains The inverse chart will begin to show green tickers on the one day one minute chart DO NOT PLAY INVERSE ETF S ON ANYTHING BUT A DAY TRADE You will lose everything and be stuck bad holding a L O S E R for a long time I ve done this

Don't do this it sucks watching a 100 stock go to 30 You can cut your losses and take it in the rear Or bag hold for who knows how long When investing you want to wait for the potential purchase to show you its actual value A Floridian will buy shrimp off of some dude's pickup truck but we won't dangle our feet off a dock because we know the hidden dangers under the water Just as in investing there are dangers you can only see when you truly take the time to look Or you learn first hand when you get bit in the ass by a stock you had no business buying without a clear cut plan of entry and exit You must learn to see the stocks for what they are a shell game
