learns more about her new home she begins to see the cracks in its perfect facade She must choose between surveillance and lies from the anonymous algorithms that protect her or face a vulnerable life outside the system to which she has signed away her next five years Leaving she learns may not even be an option

The Skeleton Coast Mardi McConnochie,2019-11-26 The grey light of dawn crept through the sky The sun was yet to make its first appearance but the crew of the Sunfish were already up and ready to weigh anchor Having barely escaped the dangers of a world dominated by gangs the corrupt Admiralty and the hostile sea Will Annalie and their friends must now set sail for their most daunting destination yet Sundia This isolated country forbidden to outsiders is where the twins must make their final stand in their search for answers and for their father But with all they ve overcome so far on their journey how long can their luck hold Packed with twists dynamic characters and compelling environmental themes The Skeleton Coast brings Mardi McConnochie s acclaimed cli fi trilogy to a riveting conclusion *Blast, Corrupt, Dismantle, Erase* Brett Josef Grubisic,Gisèle M. Baxter,Tara Lee,2014-06-16 What do literary dystopias reflect about the times In Blast Corrupt Dismantle Erase contributors address this amorphous but pervasive genre using diverse critical methodologies to examine how North America is conveyed or portrayed in a perceived age of crisis accelerated uncertainty and political volatility Drawing from

contemporary novels such as Cormac McCarthy's *The Road*, Neil Gaiman's *American Gods* and the work of Margaret Atwood and William Gibson to name a few, this book examines dystopian literature produced by North American authors between the signing of NAFTA in 1994 and the tenth anniversary of 9/11 in 2011. As the texts illustrate, awareness of and deep concern about perceived vulnerabilities—ends of water, oil, food, capitalism, empires, stable climates, ways of life, non-human species, and entire human civilizations—have become central to public discourse over the same period. By asking questions such as "What are the distinctive qualities of post-NAFTA North American dystopian literature?" and "What does this literature reflect about the tensions and contradictions of the inchoate continental community of North America?" *Blast, Corrupt, Dismantle, Erase* serves to resituate dystopian writing within a particular geo-social setting and introduce a productive means to understand both North American dystopian writing and its relevant engagements with a restricted, mapped reality.
