Gothic Queer Culture Laura Westengard, 2019-10-01 In Gothic Queer Culture Laura Westengard proposes that contemporary U S queer culture is gothic at its core Using interdisciplinary cultural studies to examine the gothicism in queer art literature and thought including ghosts embedded in queer theory shadowy crypts in lesbian pulp fiction monstrosity and cannibalism in AIDS poetry and sadomasochism in queer performance Westengard argues that during the twentieth and twenty first centuries a queer culture has emerged that challenges and responds to traumatic marginalization by creating a distinctly gothic aesthetic Gothic Queer Culture examines the material effects of marginalization exclusion and violence and explains why discourse around the complexities of genders and sexualities repeatedly returns to the gothic Westengard places this queer knowledge production within a larger framework of gothic queer culture which inherently includes theoretical texts art literature performance and popular culture By analyzing queer knowledge production alongside other forms of queer culture Gothic Queer Culture enters into the most current conversations on the state of gender and sexuality especially debates surrounding negativity anti relationalism assimilation and neoliberalism It provides a framework for understanding these debates in the context of a distinctly gothic cultural mode that acknowledges violence and insidious trauma depathologizes the association between trauma and queerness and offers a rich counterhegemonic cultural aesthetic through the circulation of gothic tropes

that the Gothic makes horror respectable and establishes contemporary women's Gothic fictions in and against traditional Gothic. The book provides new engaging perspectives on established contemporary women Gothic writers with a particular focus on Angela Carter, Margaret Atwood and Toni Morrison. It explores how the Gothic is malleable in their hands and is used to demythologise oppressions based on difference in gender and ethnicity. The study presents new Gothic work and new nuances, critiques of dangerous complacency and radical questionings of what is safe and conformist in works as diverse as *Twilight*, Stephenie Meyer and *A Girl Walks Home Alone at Night* by Ana Lily Amirpur as well as by Anne Rice and Poppy Brite. It also introduces and critically explores postcolonial vampire and neohistorical Gothic and women's ghost stories. **Reluctant**

Wizard Jeffe Kennedy, 2024-08-27 Only in an insane world would a young wizard find herself battling monsters and automatons one day and returning to Convocation Academy to cram for finals the next. But this is the world Alise Phel lives in. Like it or not, Alise must face the consequences of ditching out a second time and dealing with the crushing workload assigned to her as a punishment. Worse yet, succeeding at the Academy means Alise must learn to master her powerful and unusual magic, the same magic that caused her to accidentally murder her own mother. But graduating is her only way to protect the family she has left and perhaps save the Convocation itself. Cillian Harahel is a wizard of the mind, an archivist, a disciplined thinker. Thus he absolutely cannot be in love with Alise Phel. Apart from the fact that he is faculty and she's a student, one destined for far more greatness than a lowly librarian like him, the provost has told him in no uncertain terms that Alise is off-limits, which would be much more of a problem if Alise actually remembered he was alive. Cillian has resigned himself to being Alise's friend and mentor, but when she cuts off even that much contact in the coldest way possible, he suspects that darker forces than either of them imagined are haunting her. Alise has made it clear she wants nothing to do with him, but how can he abandon her to the demons clawing at her from her House's enemies to the doubts plaguing her own heart. **Surveillance and Terror in Post-9/11 British and American Television** Darcie Rives-East, 2019-07-18

This interdisciplinary study examines how state surveillance has preoccupied British and American television series in the twenty years since 9/11. *Surveillance and Terror in Post-9/11 British and American Television* illuminates how the U.S. and U.K., bound by an historical cultural and television partnership, have broadcast numerous programs centred on three state surveillance apparatuses tasked with protecting us from terrorism and criminal activity: the prison, the police, and the national intelligence agency. Drawing from a range of case studies such as *Sherlock*, *Orange Is the New Black*, and *The Night Manager*, this book discusses how television allows viewers, writers, and producers to articulate fears about an increased erosion of privacy and civil liberties following 9/11 while simultaneously expressing a desire for a preventative mechanism that can stop such events occurring in the future. However, these concerns and desires are not new, encompassing surveillance narratives both past and present. This book demonstrates how television today builds on earlier narratives about panoptic power to construct our present understanding of government surveillance. *The Business of Film* Stephen Greenwald, Paula
