Viral Hit Emotional Intelligence Workbook:

Leadership From A to Z Dr. Andrew Zawacki, 2025-10-09 Leadership from A to Z is written for the individual interested in growing in leadership. The book is structured with an entry for each letter of the alphabet. Each entry offers stories and illustrations to expose the reader to concepts that will impact leadership growth. Discussion questions are included in each entry to help leaders digest concepts and share ideas with others while applying the concepts to one's leadership. Taken together, the entries give a well-rounded picture of leadership needed today. This book can be read individually with a book club or with your team at work. Grow leader grow

Challenges and Opportunities in the Artificial Intelligence Era Carolina Machado, Joao Paulo Davim, 2025-05-24 This book contributes to a better understanding of the impacts that artificial intelligence (AI) has on organizations and how they reinforce opportunities while simultaneously overcoming the underlying risks. The importance of artificial intelligence in business innovation lies in AI's ability to drive efficient automation, provide strategic insights through advanced data analysis, and catalyze the development of personalized products and services, resulting in more effective operations and agile responses to market demands. This book will be read by academics, researchers, managers, engineers, practitioners, and other professionals in different sectors of business and management.

Behind the Spotlight: The Producer's Craft of Vision, Value, and Victory Md Sumon Howlader, 2025-06-24 In the glamorous world of film, television, music, and digital media, the spotlight often misses the mastermind behind the scenes: the Producer. Behind the Spotlight unravels the untold story of what it truly means to be a producer. From crafting the vision to assembling talent, securing funds, navigating crises, and delivering a product that shapes culture, this book offers a comprehensive journey through the art and business of production. For aspiring producers and creative entrepreneurs alike, this is a blueprint for success built on experience, innovation, and grit.

Emotionally Intelligent Design Pamela Pavliscak, 2018-11-21 As technology becomes deeply integrated into every aspect of our lives, we've begun to expect more emotionally intelligent interactions. But smartphones don't know if we're having a bad day, and cars couldn't care less about compassion. Technology is developing more IQ, but it still lacks EQ. In this book, Pamela Pavliscak, design researcher and advisor to Fortune 500 companies, explores new research about emotion, new technology that engages emotion, and new emotional design practices. Drawing on her own research and the latest thinking in psychology, neuroscience, and behavioral economics, Pamela shows you how design can help promote emotional well-being. You'll learn how design has transformed emotion and how tech is transforming it again. New principles for merging emotional intelligence and design thinking. How to use a relationship model for framing product interactions and personality. Methods for blending well-being interventions with design patterns. How emotional resonance can guide designers toward ethical futures. Implications of emotionally intelligent technology as it scales from micro to mega emotional spheres.
