Smarter Notes 9 Steps To Highly Effective Study Notes:

Smarter Notes Richard Glenn,2015-04-11 Does taking notes feel like herding cats It did to me I was THAT guy You know the one The guy frantically trying to write down every single little thing the professor said I was absolutely terrified of missing even the smallest thing What if it was on the test What if I needed it for a paper What if there was a pop quiz What if I was studying and couldn't remember something I was that guy And to me every class period felt like a desperate attempt to write down everything I was hearing instead of anything even remotely close to learning I literally felt like I was a court reporter trying frantically to organize all the facts as they were being thrown at me 100mph And it was very very stressful not to mention a great way to get early onset carpal tunnel syndrome It wasn't until much later that I realized something I wasn't taking notes I was transcribing my classes And let me tell you when you're preparing for a test having a great organized set of notes is much much more useful than having dozens of pages of transcribed lectures by an order of magnitude So I set out to do what I did with every area of my study habits around that time develop a great system And honestly it wasn't that easy I knew how to write papers pretty well And I could read okay But taking notes was a totally different beast There are just so many skills involved listening organizing mental information memory speed writing asking good question and quite a few more So it took me a while In the end though I landed on a set of techniques that helped me take ultra efficient notes and drastically increase my grades Later when I was actually TEACHING college classes I passed these same techniques along to my students which by the way was when I really figured out that taking notes was a major pain point for a lot of people So I figured it'd be a good subject for a book which is what you're looking at now Here's what you'll learn All about the Great Note Taking Myth and why it's a load of crap How to leverage the 5 most popular note taking systems How to deploy memory hacks to your advantage How to tailor your notes to your specific learning style How to properly execute pre note preparation strategies How to actually put that pen to paper and knock out some great notes How to review your notes and what exactly to look for when you do How to use your notes to ace exams How to use your notes to write killer papers And more
