Conversation with a bull?

So I started off just messaging with a guy on here and eventually passed my wife's info...things have since escalated. I get the feeling he wants to chat here so this will become a bit of a conversation that you all get to witness. He has asked me not to message him directly... I believe that he is video chatting with her right now. And I think he has seen alot. Feel free to look at some of my other posts to see what I've been going through in life.

Gf lied to get dick

Back before me and my gf were dating she once told me she was going to the movies with her mom. One night a few months later we were talking about sexual past and she said that she actually didn't go to the movies that night, instead she was getting fucked in the back of some guys truck...a few days later I remember her telling me she was worried that this guy might've came in her. I always jerk off to the thoughts.

Chivalry Is On Life Support, Chapter Eighteen

I didn't keep careful track, but looking back over the last three years, I would say that Luke slept in the same bed as Brooke about 70% of the time on average. Of that 70%, two thirds of the time was spent at our house in town and one third at Luke's, especially during the summers so we could spend time in his huge back yard and large inground pool. My favorite times, of course, were the 30% when he was not around, as back in the early days of our marriage. These were when Luke was traveling on business (courting out potential...

How I realized I was a cuck (part 2)

I received a lot of positive messages from my first story and a lot of you also wanted more so here we go. If you don't already know I'll be talking about my ex Erin, an extremely petite girl with all of the most perfect features you can imagine. I thought I would tell you guys a story about the guy Erin was with before she met me, we'll call him Travis. Erin and Travis were together for some time and as you might remember I was Erin's first. This was always a strange thought to me because they seemed very good for each other and I que...

Bechtold,2024-08-01 This book analyzes how the Iraqi city of Fallujah became registered as a setting for military heroics in American memory In 2004 the U S military conducted two disastrous assaults in Fallujah Iraq More than 1 000 citizens were killed and according to the military s own estimate upwards of 200 000 people were displaced because of the violence Yet despite this human catastrophe the kind of information that emerged in the public domain during the battle foregrounded the soldier s experience in war while effacing the destruction of Iraqi bodies This tendency to foreground the soldier body is a direct result of the military s intervention in what they conceptualize as the information environment This book draws from the second assault in Fallujah as a case study to explicate the military s investment in this perspectival space which is a consequence both of the mediatization of contemporary war and of the need to influence knowledge considered unfavorable to military operations In short the military enlists the media in their targeting process to produce information that is then deployed as persuasive force to modify the beliefs of specific target populations When the cultural texts produced by the media are remediated in the public domain after war they can be thought of as martial constructs because they originated during war through the military s systemized attempt to influence knowledge That is these texts trace to a specific battlefield objective This book reframes the notion of propaganda as a generalized public relations strategy into a more acute and coordinated attempt to decontextualize specific knowledge in the information environment This book will be of much interest to students of media and communication studies war studies memory studies and international relations **Crowdfunding:**

The Story of People Irfan Bashir,Ravina Banze,2020-12-25 If we can acknowledge that our fate is connected with the fate of others and that of the collective world then we must ask ourselves how we can improve the world within our capacity How do we progress while ensuring the socio economic and emotional wellbeing of others One of the answers is through Crowdfunding Crowdfunding The Story Of People uses a data driven storytelling approach to capture the impact and potential of crowdfunding in a world governed by inequality It does so while maintaining a constant grip on both the micro and macro perspectives of collective giving social collaboration and financial inclusion As people we see life from a shared prism but how we interpret it often varies All of us have a unique way of deriving meaning from the stories around us We all

The New True Crime Diana Rickard,2023-09-05 How serialized crime shows became an American obsession TV shows and podcasts like Making a Murderer Serial and Atlanta Monster have taken the cultural zeitgeist by storm and contributed to the release of wrongly imprisoned people such as Adnan Syed The popularity of these long form true crime docuseries has sparked greater attention to issues of inequality power social class and structural racism More and more the American public is asking Who is and is not deserving of punishment and who is and is not protected by the law In The New True Crime Diana Rickard argues that these new true crime series deserve our attention for what they reveal about our societal understanding of crime and punishment and for the new light they shine on the inequalities of the criminal justice system Questioning the finality of verdicts framing facts as in the eye of the beholder these new series unmoor our faith in what is knowable even as Rickard critically notes they often blur the lines between fact and fiction With a focus on some of the most popular true crime podcasts and streaming series of the last decade Rickard provides an in depth analysis of the ways in which this new media which allows for binge listening or watching makes crime into a public spectacle and conveys ideological messages about punishment to its audience Entertainment values have always been entwined with crime news reporting Newsworthy stories Rickard reminds us need to involve sex violence or a famous person and contain events that can be framed in terms of individualism and conservative ideologies about crime Even as these old tropes of innocent victims and deviant bad guys still dominate these docuseries Rickard also unpacks how the new true crime has been influenced by the innocence movement a diverse group of organizers and activists be they journalists lawyers formerly incarcerated people or family members who now have a place in mainstream consciousness as DNA evidence exonerates the wrongly convicted The New True Crime questions the knowability of truth and probes our anxieties about the real nature of true crime media For fans of true crime shows and anyone concerned about justice in America this book will prove to be essential reading
