The Trouble with Kenya: McKenzian Blueprint Lawi Sultan Njeremani, The McKenzian Blueprint Some lines are short some lines are long All lines are variable Some appear parallel but connect in latency Some appear linear When held against the light they reveal dependence or independence Freedom or constraints Empowerment or strife Subjugation or Justice The Trouble with Kenya is a microcosm of any given country's social and justice pillars These pillars have been subordinated to the political and economic pillars in many societies with politics and the economy being deified as the all encompassing enablers of the advancement of Nations With the world becoming more

connected happenings in far flung places are increasingly becoming risk factors locally precipitating issues of local concern and increasing the impediments to collective human development All these may appear to be abstract concepts in daily life where making the next pay check putting food on the table or securing a comfortable future for oneself and family is an exhausting endeavor but those who ignore the harbinger flicks subject themselves to ongoing or future succumb The story of the founding of Kenya as a country and the continuous strides towards nationhood is similar to many countries globally that have had a monarchy in their founding DNA Indeed some countries have excelled in building institutions that ensure an equitable society while some continue to struggle with cartelization and usurpation of independence of institutions and commensurately experience unjust societal confluence where only a few enjoy the benefits of a nation wide toil Why you should get the best historical book you are yet to read Unprecedented Insight Offering a fresh and unparalleled perspective this book provides a deep dive into Kenya s history in two volumes shedding light on pivotal moments and influential figures that have shaped the nation McKenzian Blueprint Unveiled The book meticulously explores the McKenzian Blueprint a historical phenomenon that continues to influence Kenya s social economic and political landscape Readers will gain a profound understanding of its origins implementation and lasting effects Compelling Narration An engaging writing style and thorough research make complex historical events accessible to a broad audience ensuring an absorbing and enlightening reading experience Companion Comic Book Enhance your understanding with the companion comic book of the same title Featuring vivid graphic illustrations the comic book brings key historical moments to life making it an excellent educational tool and an engaging supplement to the main text Relevance Today The book is representative of any given country in the world Drawing parallels between historical events and contemporary issues the book underscores the relevance of Kenya s and indeed your country s past in understanding its present and shaping its future The Trouble with Kenya McKenzian Blueprint is a must read for history enthusiasts students and anyone seeking a comprehensive exploration of Kenya s rich and complex heritage Order now and embark on a captivating journey through the corridors of time *RIP Magic Academy Paranormal and Supernatural Prison Series* E. Days of Defeat and Victory Yegor Gaidar,2012-03-15 Yegor Gaidar the first post Soviet prime minister of Russia and one of the principal architects of its historic transformation to a market economy here presents his lively account of governing in the tumultuous early 1990s Though still in his forties Gaidar has already played a pivotal role in contemporary Russian political history championing the cause of dramatic economic reform aggressive privatization of state enterprises and painful fiscal discipline in the face of widespread popular resistance Gaidar s youthfulness energy and daring are symbolic of a new phenomenon in Russian politics the emergence of a younger generation of politicians with a distinctly technocratic bent looking firmly to the United States and Europe for inspiration and sharing little of the old generation s nostalgia for Communist stability It was largely the implementation of Gaidar s policies that drove the Russian parliament to rebel against Boris Yeltsin in 1993 leading to the bloody tank assault on the parliament itself Though Yeltsin prevailed it was clear that the political and social costs of shock therapy were too great for Russia s fragile democracy to bear and Gaidar himself was ousted to appease the conservatives His unfinished agenda was put on hold though he later returned when Yeltsin needed to placate international financial forces Gaidar remains active in Russian politics having formed his own political party Russia s Democratic Choice In this book he brings his story through Yeltsin s cliffhanger re election in 1996 and assesses the still precarious state of the market reforms and democratic politics
