Backing The Bold: A Primer On Early-stage Venture Capital In Southeast Asia Paulo Joquino, 2022-09-20 Backing the Bold is a primer on the venture capital industry business and profession in Southeast Asia. The goal of the book's thirteen chapters has initially been to guide students of the Insignia Ventures Academy, Asia's first experiential venture capital accelerator, in their exploration of the venture capital industry and profession specifically in the context of Southeast Asia's startup ecosystem and from the perspective of Insignia Ventures and its portfolio founders. Rather than being a book in the traditional sense of the word, such an origin and context for Backing the Bold has inevitably made this book a dynamic piece of literature continuously growing and improving thanks to every new group of people who become part of the VC accelerator as organizers, mentors, or participants. Now in print and in distribution, this first edition is available for all as a snapshot of Backing the Bold's progress as a continuously evolving repository of insights, best practices, and frameworks. It is for readers of any background or motivation to gain a better understanding of the venture capital investment process, portfolio management, and profession in the context of Southeast Asia's fast-growing technology markets.

American Popular Music and Its Business in the Digital Age Music Licensing Consultant Rick Sanjek, 2024-07-18 As the long-awaited sequel to *American Popular Music and Its Business: The First 400 Years*, this book offers a detailed and objective history of the evolution and effect of digital technology from 1985 through 2020 on all segments of the popular music business, from CDs and stadium tours to TikTok and the effects of the COVID-19 pandemic, with particular emphasis on the relationship between the creators, the consumers, and the business professionals who form the three major axes of the industry. Author Rick Sanjek, a 50-year industry veteran, combines the knowledge acquired during his decades of experience with scholarly research to create a compelling narrative of the events, economics, and inner workings of the modern music business.

TikTok and Youth Cultures Crystal Abidin, 2025-11-04 Using anthropological methods to produce deep and insightful ethnographies about TikTok and its core users, *TikTok and Youth Cultures* will help readers develop a critical understanding of TikTok's impact on society, its place in the social media landscape, and its cultural relevance around the world.

Data Driven Ethan Evans, AI, 2025-03-03 In today's competitive business environment, *Data Driven* argues that leveraging data analytics and customer insights is crucial for marketing success. This book provides a comprehensive guide to shifting towards data-driven decision making, emphasizing that relying on intuition alone is no longer sufficient for sustainable growth. It highlights the evolution of marketing and the increasing importance of understanding data quality as well as the ethical considerations involved in data handling. The book explores the foundational principles of data analytics, the extraction of actionable customer insights, and the practical application of data-driven strategies across various marketing channels. For instance, understanding customer behavior through data mining and segmentation analysis enables businesses to create personalized customer experiences, leading to optimized marketing investments and a higher return on

investment ROI Real world case studies illustrate how leading companies have successfully implemented data driven initiatives Beginning with an introduction to core data analytics concepts the book progresses through customer insight methodologies and the practical application of data driven strategies across key marketing channels like digital advertising and social media It culminates with a discussion on building a data driven marketing organization emphasizing data governance and continuous improvement Ultimately Data Driven provides the frameworks needed to foster collaboration between data scientists marketers and business leaders leading to a cultural transformation within organizations
