

The cover features a dark blue background with a stylized illustration of the solar system. The Sun is a large, glowing orange sphere in the top left. Several planets are shown as small spheres, each with its own set of concentric, multi-colored orbital rings in shades of red, orange, yellow, and green. The orbits of different planets cross each other in a complex, artistic manner. The Earth is depicted as a small blue and white sphere at a central point where several orbits intersect.
