Post Apocalyptic Story Paperback:

Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We'll Not Go Home Again provides a framework for our fascination with the apocalyptic events. The popular appeal of the end of the world genre is clear in movies, novels, and television shows. Even our political debates over global warming, nuclear threats, and pandemic disease reflect a concern about the possibility of such events. This popular fascination is really a fascination with survival: how can we come out alive? And what would we do next? The end of the world is not about species death but about beginning again. This book uses postapocalyptic fiction as a terrain for thinking about the state of nature, the hypothetical fiction that is the driving force behind the social contract. The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian, a Lockean, or a Rousseauian lens, including *Lucifer's Hammer* by Larry Niven and Jerry Pournelle, *Alas Babylon* by Pat Frank, *Malevil* by Robert Merle, and *Into the Forest* by Jean Hegland. The latter half of the book examines Octavia Butler's postapocalyptic Parable series, in which a new kind of social contract emerges, one built on the fact of human dependence and vulnerability.

Serial Vigilantes of Paperback Fiction Bradley Mengel, 2009-10-21 Rough justice has often been served in the pages of serial novels, notably beginning with Don Pendleton's *The Executioner* in 1969. This is the first overview of the serial vigilante genre, which featured such hard-boiled protagonists as Nick Carter, Mark Stone, Jake Brand, and the Able Team among the 130 series that followed Pendleton's novel. Serial vigilantes repeatedly take the law into their own hands, establishing and imposing their own moral standards, usually by force. The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys, private eyes, spies, and cops in different media. A complete bibliography for each series is featured.

After London Richard Jefferies, 2019-04-27 *After London* by Richard Jefferies is an early example of post-apocalyptic fiction. After a catastrophe has depopulated England, the countryside reverts to nature, and the few survivors live a medieval way of life. The first part, *The Relapse into Barbarism*, is the account by some later historian of the fall of civilisation and its consequences, with an affectionate description of nature enveloping England. The second part, *Wild England*, is an adventure taking place many years later in the wild landscape.

Contemporary Women's Post-Apocalyptic Fiction Susan Watkins, 2020-02-29 This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post-apocalyptic fiction. Since the dawn of the new millennium, there has been an outpouring of writing that depicts the end of the world as we know it, and women writers are no exception to this trend. However, the book argues that their fiction is distinctive. Contemporary women's work in this genre avoids conservatism, a nostalgic mourning for the past, and the focus on restoring what has been lost, aspects key to much male-authored apocalyptic fiction. Instead, contemporary women writers show readers the ways in which patriarchy and neo-colonialism are intrinsically implicated in the disasters they envision and offer qualified hope for a new beginning for society.
