Human-Computer Interactions Kumar, Nitendra, Pal, Surya Kant, Agarwal, Priyanka, Rosak-Szyrocka, Joanna, Jain, Vishal, 2024-06-06 Industry 5.0 is poised to redefine the collaboration between humans and machines marking a crucial moment in technological evolution. However, as we stand at the threshold of this transformative era, a critical challenge emerges: the integration of emotional intelligence into the industrial landscape. Organizations grapple with the urgent need to understand, strategize, and ethically deploy artificial emotional intelligence (AEI) in Industry 5.0. This pivotal juncture calls for a comprehensive resource that explores the theoretical foundations but offers practical insights into the applications, challenges, and responsible deployment of AEI. The absence of a cohesive guide addressing the intricacies of AEI in Industry 5.0 leaves a void in academic scholarship. Organizations, researchers, and policymakers lack a singular authoritative source to navigate the complexities of emotional intelligence integration, impacting Industry 5.0 strategies, sustainability plans, and customer services. The challenge lies in managing the delicate balance between human and machine collaboration while ensuring ethical considerations are at the forefront of AI deployment. As the demand for emotional intelligence in the industrial landscape intensifies, the need for a unifying resource becomes increasingly apparent. **Futuristic Trends in Management Volume 3, Book 24**, 2025-04-07 Management is an art of getting things done through and with the people in formally organized groups. It is an art of creating an environment in which people can perform and individuals can cooperate towards attainment of group goals. Management Study HQ describes Management as a set of principles relating to the functions of planning, directing, and controlling, and the application of these principles in harnessing physical, financial, human, and informational resources efficiently and effectively to achieve organizational goals. A good management is the backbone of all successful organizations. And to assist business and non-business organizations in their quest for excellence, growth, and contribution to the economy and society, Management Book Series covers research knowledge that exists in the world in various management sectors of business through peer-reviewed chapters. This book series helps company leaders and key decision makers to have a clear, impartial, and data-driven perspective of how factors will impact the economy moving forward and to know what they should be doing in response.
