United States,2013 The United States Code is the official codification of the general and permanent laws of the United States
of America The Code was first published in 1926 and a new edition of the code has been published every six years since 1934
The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress Second Session the last
of which was signed by the President on January 15 2013 It does not include laws of the One Hundred Thirteenth Congress
First Session enacted between January 2 2013 the date it convened and January 15 2013 By statutory authority this edition
may be cited U S C 2012 ed As adopted in 1926 the Code established prima facie the general and permanent laws of the

discrepancy In 1947 Congress began enacting individual titles of the Code into positive law When a title is enacted into
positive law the underlying statutes are repealed and the title then becomes legal evidence of the law Currently 26 of the 51
titles in the Code have been so enacted These are identified in the table of titles near the beginning of each volume The Law
Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U S C 285b to enact the
remainder of the Code on a title by title basis into positive law The 2012 edition of the Code was prepared and published
under the supervision of Ralph V Seep Law Revision Counsel Grateful acknowledgment is made of the contributions by all
