Falconer, 2008-10-21 Highly recommended by **Choice** While crossover books such as Rowling's *Harry Potter* series have enjoyed enormous sales and media attention critical analysis of crossover fiction has not kept pace with the growing popularity of this new category of writing and reading **Falconer** remedies this lack with close readings of six major British works of crossover fiction and a wide ranging analysis of the social and cultural implications of the global crossover

phenomenon A uniquely in depth study of the crossover novel Falconer engages with a ground breaking range of sources from primary texts to child and adult reader responses to cultural and critical theory *Ariadne Unraveled* Zenobia
