Is Cheating a Deal Breaker In a Marriage? TJ

CLEMONS,2019-07-26 The topic of marriage is challenging with itself but when you add the element of cheating and you create a powder keg of emotions that can be expressed by every individual experience Some arguments are based in reality while others take on a life of their own Just like the rational and irrational person connected to the comment that is being articulated Then you have to consider if the interested party has ever been in a serious committed relationship even similar or on the same level as the legally binding contract of marital matrimony At which point the aspect of cheating must be applied as a term and condition included into the conversation that is being debated I have never been married but I have been in situations that could have led to the engagement process but because my level of trust in the other partner was not sufficient to move forward in the procedure I feel as if I could interject my opinion in the discussion otherwise I would have not even considered writing a book on this subject matter It would have been silly of me unless I was a comedian or an ill informed jester who is only interested in listening to the sound of my own voice I am not clown or an investigative news reporter who thinks less of fact checking their source of information for flaws or inaccurate statistics Relations and infidelity are issues that I am familiar with and I talk about frequently because they are very relevant and prevalent in American

culture and around the globe Now let s tackle the last portion of the equation Cheating in itself is an act of deception Most women are more troubled with the man that they love and care about lying to them than the physical act of intimacy And most men are usually more upset that their lover chose a man of convenience who is usually a loser in everyday life that has nothing going for him A broke bum is his replacement in so many cases And when he finds out his anger burns hotter than the flames of the inferno of Satan s lair Why would any wife choose a financially inept buffoon over a loving providing husband Men are just as comical in their choice of replacement physical conquests They usually choose a younger damsel in need of saving such as a stripper or escort of some type in search of a loving source of cash flow from an older gentleman known as a sugar daddy He provides the cash and she supplies physical pleasure beyond his wildest dreams She gives him the sense of virility and masculinity that he is missing at home This in itself is a marriage of convenience and co dependency that will continue until it is discovered by his loving spouse or another younger more excitingly exotic conquest comes along and rekindles his youthful illusions These sexual acts create a delusional sensation as powerful as the most addictive drugs known to mankind He will move like a panther stalking his prey to get that love making conquest one more time like a junkie anticipating their next fix This is until his wife discovers his manipulative actions At that point the storm erupts into massive devastation that can only be calmed by revealing each and every factual exploitation and explanation of his intimate encounters Then the storm calms for a brief moment of reflection Words and emotions become harder and harder to express between long time lovers Trust is broken and those warm feelings start to fade into the background The broken hearted spouse has several questions to answer Will the candles of affection be lit again And will they continue to burn or forever be smothered by the suspicion and the separation of divorce These decisions are often difficult to make due to the magnitude of the consequences involved

The Cheat Amy Goldman Koss,2004-07-22 Award winning author Amy Goldman Koss explores what happens when one bad decision threatens to destroy everything Cheating on a geography midterm is only the beginning It seemed simple enough they were given the answers from last year s test and they used them But Sarah and her friends got caught and what was done without much thought leads to greater and greater consequences Now they are facing punishment at school tension at home and no one is sure how or when it will end An excellent springboard to provocative discussion or debate about the moral and ethical questions that this issue raises School Library Journal **A**
