Blueprint Nicholas A. Christakis, 2019-03-26 A dazzlingly erudite synthesis of history philosophy anthropology genetics sociology economics epidemiology statistics and more Frank Bruni The New York Times Blueprint shows why evolution has placed us on a humane path and how we are united by our common humanity For too long scientists have focused on the dark side of our biological heritage our capacity for aggression cruelty prejudice and self interest But natural selection has given us a suite of beneficial social features including our capacity for love friendship cooperation and learning Beneath all of our inventions our tools farms machines cities nations we carry with us innate proclivities to make a good society In Blueprint Nicholas A Christakis introduces the compelling idea that our genes affect not only our bodies and behaviors but also the ways in which we make societies ones that are surprisingly similar worldwide With many vivid examples including diverse historical and contemporary cultures communities formed in the wake of shipwrecks commune dwellers seeking utopia online groups thrown together by design or involving artificially intelligent bots and even the tender and complex social arrangements of elephants and dolphins that so resemble our own Christakis shows that despite a human history replete with violence we cannot escape our social blueprint for goodness In a world of increasing political and economic polarization it s tempting to ignore the positive role of our evolutionary past But by exploring the ancient roots of goodness in civilization Blueprint shows that our genes have shaped societies for our welfare and that in a feedback loop stretching back many thousands of years societies are still shaping our genes today

Books Conrad Riker, 2024-11-02 Are you overwhelmed by the constant flood of information Confused about your role in society Are you struggling to decipher the complexities of written communication This book is your guide It answers the question How have books shaped human civilization How can they drive social change It explores how writing systems were invented and how religion and philosophy are intertwined with books This book dives into the psychology of reading the business of books and the future of books in a digital world Without ever opening its pages you ll gain insights into 1 The origin and evolution of books 2 The impact of sacred texts on society 3 How your favorite books may have changed your worldview 4 The power of books in driving social and political changes 5 The psychology of reading and its impact on the mind 6 The business of publishing and its historical trends 7 The fight for freedom of speech in the world of books 8 The potential future of books in a digital age If you want to understand the profound impact of books on human civilization and your own life this book is a must read Purchase today to begin your journey of discovery

Digital Church Blueprint Dr.

Ope Banwo,188-01-01 The Step By Step Manual For Using The Internet To Reach More Souls Disciple Christians Increase Church Funding And Improve Church Fellowship The Harvest Is Plentiful For The Church On The Internet But The Laborers Are Largely Un Educated About What To Do To Bring In The Harvest This Book Is Your Step By Step Blueprint To Maximize The Internet For The Great Commission I believe this little book is going to be one of the most important books you are ever going to read as far as digital outreach for churches is concerned because I am trusting God for it to help you reach and touch more souls than you ever imagined With the explosion of social media and the global digital community where more and more people continue to spend more time online and less in physical church buildings coupled with the devastating effects of Covid19 on public gatherings it has become imperative for the Pastors Ministers Church Workers and all committed Christians to learn how to use social media and the internet for soul winning church growth and church fund
