Welcome!

The best way to use this organizer is to:

1. Print as many pages as you like, or use a pdf editing tool to fill in forms electronically. (I'll provide a link to a pdf editor in case you are a pro and prefer to use a pdf editor.)
2. Look over the table of contents.
3. See where you are in your personal finance journey and which worksheets/checklists/forms are most beneficial for you. Personal finance is personal, you may need to go one by one in order, or you may need to skip around and find what works best for you.
4. Now add the introductory pages for each separate workbook or printable. This is to help orient you to the purpose of the form and keep all forms organized in your file or binder.
5. Take a look at the bottom of each page. If there is a corresponding link post that will help clarify or provide a more in-depth understanding of the concept, you will find both a link you can click on and the website url so you can easily learn more.
