Online Museum Collections and Social Media Katharina Geis, 2025-07-17 Museums increasingly digitize collections to expand public access and foster engagement beyond institutional spaces Katharina Geis explores how digital museum images are used shared and curated across platforms like Instagram TikTok and Pinterest Drawing on ethnographic research including participant observation and 90 interviews she examines how digital infrastructures and social contexts shape curation practices By tracing how users search for edit and share images the study reveals how digital image curation becomes a way of knowing about with and through artefacts in everyday life

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple *You Should Quit Reddit* is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit's flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

Information Retrieval Evaluation in a Changing World Nicola Ferro, Carol Peters, 2019-08-13 This volume celebrates the twentieth anniversary of CLEF the Cross Language Evaluation Forum for the first ten years and the Conference and Labs of the Evaluation Forum since and traces its evolution over these first two decades CLEF's main mission is to promote research innovation and development of information retrieval IR systems by anticipating trends in information management in order to stimulate advances in the field of IR system experimentation and evaluation The book is divided into six parts Parts I and II provide background and context with the first part explaining what is meant by experimental evaluation and the underlying theory and describing how this has been interpreted in CLEF and in other internationally recognized evaluation initiatives Part II presents research architectures and infrastructures that have

been developed to manage experimental data and to provide evaluation services in CLEF and elsewhere Parts III IV and V represent the core of the book presenting some of the most significant evaluation activities in CLEF ranging from the early multilingual text processing exercises to the later more sophisticated experiments on multimodal collections in diverse genres and media In all cases the focus is not only on describing what has been achieved but above all on what has been learnt The final part examines the impact CLEF has had on the research world and discusses current and future challenges both academic and industrial including the relevance of IR benchmarking in industrial settings Mainly intended for researchers in academia and industry it also offers useful insights and tips for practitioners in industry working on the evaluation and performance issues of IR tools and graduate students specializing in information retrieval

Twitterbots Tony Veale, Mike Cook, 2018-09-11 The world of Twitterbots from botdom s greatest hits to bot construction to the place of the bot in the social media universe Twitter offers a unique medium for creativity and curiosity for humans and machines The tweets of Twitterbots autonomous software systems that send messages of their own composition into the Twittersphere mingle with the tweets of human creators the next person to follow you on Twitter or to like your tweets may not a person at all The next generator of content that you follow on Twitter may also be a bot This book examines the world of Twitterbots from botdom s greatest hits to the hows and whys of bot building to the place of bots in the social media landscape In *Twitterbots* Tony Veale and Mike Cook examine not only the technical challenges of bending the affordances of Twitter to the implementation of your own Twitterbots but also the greater knowledge engineering challenge of building bots that can craft witty

provocative and concise outputs of their own Veale and Cook offer a guided tour of some of Twitter's most notable bots from the deadpan big_ben_clock which tweets a series of BONGs every hour to mark the time to the delightful pentametron which finds and pairs tweets that can be read in iambic pentameter to the disaster of Microsoft's TayAndYou which learned conspiracy theories racism and extreme politics from other tweets They explain how to navigate Twitter's software interfaces to program your own Twitterbots in Java keeping the technical details to a minimum and focusing on the creative implications of bots and their generative worlds Every Twitterbot they argue is a thought experiment given digital form each embodies a hypothesis about the nature of meaning making and creativity that encourages its followers to become willing test subjects and eager consumers of automated creation Some bots are as malevolent as their authors Like the bot in this book by Veale Cook that uses your internet connection to look for opportunities to buy plutonium on The Dark Web PROSECCOnetwork If writing is like cooking then this new book about Twitter bots is like Apple Charlotte made with whale blubber instead of butter PROSECCOnetwork These bot critiques generated at <https://cheapbotsdonequick.com> source PROSECCOnetwork

Badass Women and Hashtagged Zombies Allison Christina Budaj, 2024-10-16 In its evolution from graphic novels to a sprawling multimedia universe the impact of The Walking Dead cannot be understated Beyond its narrative roots a passionate community of viewers use social media to delve deeper into the anxieties and social issues portrayed within the narrative universe This book uses fan discussions on social media platforms to analyze the series appeal and its ability to provoke discussions about survival societal norms and gender roles leading to a significant online presence and discussions about the characters actions and societal issues portrayed Viewers perceive and champion unconventional actions especially as the leading female characters defy traditional gender roles With the introduction of more diversity the progression of characters within The Walking Dead and its spinoffs continues to disrupt stereotypes Focusing on analyzing audience engagement with AMC's The Walking Dead and its spinoffs through social media this book highlights how fan based interactions in creating a participatory culture around the series highlight societal issues presented offering interpretations theories and personal connections By integrating fan commentary into the analysis fans act as active collaborators in understanding the impact of The Walking Dead universe as a meaningful popular culture artifact

Collected Studies on Francisco Suárez, S.J. (1548-1617) John P. Doyle, 2010 Although the Jesuit Francisco Suarez 1548 1617 is one of the most important figures of late scholasticism his work has not received the attention it deserves in English speaking scholarly literature One exception to this generalization is found in the work of the American scholar John P Doyle whose groundbreaking studies of several important areas of Suarez's complex but highly original system of thought have helped to make the Jesuit's ideas accessible to several generations of historians of philosophy This volume gathers together Doyle's most important articles on the philosophical theology metaphysics ethics and legal philosophy of Suarez and is prefaced by an introductory chapter that places the Jesuit's life and thought in context
